## FINANCING OF HOLDING COS. TO BE PROBED

Public Utility Merger Operations Also to Be Part of Investigation

## WALSH EXPRESSES VIEWS Montana Senator Says He Isn't Pointing Toward Government Ownership

Washington — The financing of holding companies and the merger operations of public utility corporations covered by the proposed investigation of the public utility industry. This was emphasized Wednesday by Senator Walsh, Democrat of Montana, in an interview with the writer on the scope of the inquiry which the senate is to be asked to make.

"The federal trade commission," he said, "has narrowed the field somewhat by giving facts on the so-called power trust, but the material developed there will afford us a basis for inquiring into what has happened in the strictly financial side of the industry."

"I am reliably advised that many, many millions have been made in the flotation of securities. The investigation may develop that this was legitimately made. But on the other hand, it was then why isn't the public being given the benefit of lower rates for light and power? Either the properties were bought at sums that make it necessary for the present rate schedules to be maintained at a cost to the consumer that should come down or else the investor has been asked to buy securities which by reason of the high prices paid for them, properties will not mean the payment of early dividends. It is our task to bring these facts to light for the protection of the public. The various state commissions will be much interested. I am sure, in what is brought out."

"It is your purpose to recommend federal regulations?" he was asked.

NOT U. S. OWNERSHIP

"No, I haven't any such idea in mind nor am I pointing toward government ownership. I can not say what recommendations will be made and I am not even sure that we can correct some of these abuses by legislation, but I am anxious that the country shall have the facts on which interested groups can base their action before state, commissions or otherwise."

"It is suggested that the public utility industry welcomes an investigation but not a political investigation," remarked the writer.

"Well," replied the Montana senator with a smile, "although it is not a fact of any importance, you might be interested to know that a very prominent republican was the first to suggest this inquiry into the industry and I have had visits from various persons interested in the investment of securities for institutions who have told me it was very important that the truth be disclosed. You may remember when the Teapot Dome investigation started some people called it 'political'. I am not comparing this inquiry with the Teapot Dome affair, for there has been no contact with the government in the utility business and the two things are entirely different but whenever any effort is made to get at the facts, some of those who oppose it invariably think the motive must be political."

"We are going to invite students of the public utility field, engineers, financiers and all who can throw light on the subject to testify."

The senator said he felt sure there were enough votes to pass the resolution without referring it to a regular committee. The resolution would be passed immediately on the opening of congress next month.

## MISSING INDIAN FOUND SHELTERED IN SHACK

Ashland — (P) — Postmaster William E. O'Brien, on the Red River Indian reservation, notified the Ashland Daily Press late Wednesday that Frank Monroe, Indian missing since the blizzard of Monday, has been found by searchers four miles on the Red River, alive and well. Monroe went up the river to cut wood, and was caught in the storm and finally found a shack where he built a fire and kept warm. Word still awaited regarding the whereabouts of the two Butterfield, which left with a horse from Fort Arthur, Canada, Sunday and should have arrived, unless the boat found shelter somewhere along the Canadian shore.

## AGED MAN DIES WHEN OVERCOME BY SMOKE

Machine — (P) — Overcome by smoke when his home caught on fire Thursday morning, Louis Vachrean, 82, was found dead. Efforts of firemen, who found him lying on the floor, to save him were futile. Fire was believed to have started in the kitchen, probably from a stove, and within a few minutes the frame house was almost completely demolished. Vachrean had been living alone.

## Renew Hunt For Strange Negro Seen At Portage

Portage — (P) — A charge of first degree murder should be pressed against the slayer or slayers of Helen Leng, 15-year-old Portage high school girl, a coroner's jury recommended in a verdict Thursday morning.

Portage — (P) — Rumors of the presence of a strange Negro in Portage Sunday night, the night Helen Leng, 15-year-old school girl, was slain, caused police Thursday to press their hunt of the girl's slayer with new vigor.

## AMATEUR DRY SLEUTH HELD FOR MURDER

Youth Who Killed Man Working on Commission Basis in Illinois

South Beloit, Ill. — (P) — A brief career as a crusader against liquor violations while working on a commission basis, Thursday had brought 22-year-old John Beyer, Jr., of Janesville, behind the bars of the Winnebago jail, facing prosecution on a murder charge.

Beyer has admitted that a bullet from his pistol mortally wounded William Petroff, whose alleged blind pig in his home was visited by Beyer seeking evidence. Although undetested as a police officer, Beyer admits he drew a pistol and shot Petroff when the latter sought to knock liquor from his hand.

The liquor crusader had been engaged as a special investigator by Chief of Police William Mouldie to obtain evidence with promise of commissions when convictions resulted and a commission as a police officer. His attempt to get the evidence on Petroff where others had failed was successful but it brought the death of Petroff Wednesday and the holding of Beyer on a murder warrant. Beyer was to have a hearing Thursday and probably will be held to await grand jury action in January.

## WAS FATALLY WOUNDED Petroff, 31, was fatally wounded on Wednesday morning in an altercation with Beyer who had come to his home in which he operated a bar. Beyer ordered a drink from the bartender.

Beyer claims Petroff approached him and said that as he did so he (Beyer) drew his pistol, holding the other hand on the side of his head. Petroff, who was taken to a Beloit hospital. An operation was performed in a vain attempt to save his life.

Beyer gave himself up and has been held since the shooting in the county jail without charge. Ray paid a fine of \$200 on Beyer's evidence.

## UNION LEAGUE MAKES CAL HONORARY MEMBER

Philadelphia — (P) — President Coolidge will be the guest of the Union League Thursday night and will receive the league's gold medal for distinguished public service and a certificate of honorary membership in the club.

Mr. Coolidge will be the third president to receive the league's gold medal and the first to receive both the gold medal and certificate of honorary membership. Presidents Lincoln and Johnson were the other recipients while honorary membership thus far has been conferred on Presidents Harrison, McKinley, Roosevelt and Taft.

The president is due here at 6:15. He will go at once to the Union league, where he will deliver an address at the founder's day dinner at 8 o'clock. The speech will be broadcast by station WOO. The Union League was founded 65 years ago to promote support for the Lincoln policies during the Civil war.

## Thompson Plans 5-Foot Shelf On Americanism

Chicago — (P) — A five-foot shelf of Americanism, to be issued by the American First foundation Thursday was the answer of Mayor Thompson to further testimony of pro-British propaganda before the school board.

While Charles Edward Russell, New York publisher, was devising methods by which, he said, Britons were attempting to bring America under the dominance of England, the American First foundation was launching membership and educational drives. Mr. Russell was a witness at the school board trial of William McAndrew, school superintendent who is under suspension.

John J. Murphy, secretary of the American First foundation, meanwhile opened headquarters for the association.

## NAVAL DISARM BATTLE AGAIN UP IN BRITAIN

Viscount Cecil's Stand Taken Up by Opposition to Ruling Party

London — (P) — Great Britain was in the throes of heated discussion Thursday of naval limitation and the failure of the conference between Japan, Great Britain and the United States at Geneva last summer.

Viscount Cecil's attack in the house of lords on the British government's attitude toward disarmament and the announcement in the house of commons by W. C. Bridgeman, first lord of the admiralty, that only one British cruiser would be laid down this year, brought the naval question to the fore.

Refusal of the British government to admit the principle of mathematical parity in naval strength with the United States "bombs, bolt and bars the door" against any hope of agreement with America on naval armaments, Viscount Cecil said. This was seized upon avidly by the opposition papers as a damning arraignment of the government. They made the point that the cabinet allowed itself to be ruled by technical advisers and that it was time these were put in their proper place.

## THINK MAN IN JAIL IS AMNESIA VICTIM

Judge Heinemann Investigates Man Who Cannot Tell Where He Came from

A man about 40 years old, thought to be a victim of amnesia, was brought to the county jail Thursday morning by Deputy Sheriff Ervin Poole. He is unable to tell where he came from or where he is going. He was found in the town of Grand Chute after complaints from residents were received about a "tramp."

The man was taken before Judge Fred V. Heinemann in county court, but was unable to tell where he came from. A search revealed a pocketbook in which he carried cards indicating that he was a member of the Knights of Pythias and Masonic lodges in Duluth, Minn. The cards bore the name Ray Abbot and Judge Heinemann is communicating with authorities at Duluth.

## GREENWALDT'S FATHER GETS THREATENING LETTER

Madison — (P) — A letter threatening him with death if he attempted to sue his son, Alvin Greenwaldt, Mount Hope, or A. R. Betzold, Milwaukee, both now serving life terms in Wausau for the murder of Mrs. Emma Greenwaldt, was received Monday morning by H. F. Greenwaldt, Madison, father of Alvin. It was revealed Thursday.

## ACQUIT CAR DRIVER OF MANSLAUGHTER

Jury Decides Peter Forseth Not Intoxicated at Time of Accident

Wausau — (P) — Peter Forseth, schooler, was acquitted of manslaughter by a circuit court jury here Wednesday afternoon, after a deliberation of two hours. It was alleged by District Attorney L. D. Smith that Mr. Forseth drove an automobile the night of May 18 while under the influence of liquor, and that his condition was the cause of the death of Otto Steffens, a passenger in his car, in an automobile accident.

The accident occurred on highway 22, a mile north of Clintonville, when the Forseth machine, equipped also by Martin Steffens and John Ecklund of Scandinavia, collided with a coupe driven by Herman Schultz of Clintonville. Forseth's car threw over, pinning the occupants underneath, and killing Otto Steffens almost instantly. A coroner's jury decided that the death was accidental, but the manslaughter charge was brought later by the district attorney.

Mr. Forseth contended that he was blinded by the lights of the approaching machine. The trial started on Monday. J. C. Hart, Wausau, and H. H. Morris, Clintonville, were attorneys for the defendant.

Motorcycle Tollerance Arthur Stein of Clintonville who arrived shortly after the accident, was called as a witness, but could not state positively that Forseth was under the influence of liquor. Occupants of the car testified that he was not intoxicated.

## OPERA STAR'S HUSBAND BELIEVED DEAD IN FIRE

New York — (P) — A daring attempt to save valuable articles in the flaming building from which he had escaped was believed to have cost the life of Jay A. Mellich, husband of Mary Mellich, former Metropolitan opera star.

Five except his automobile was hoisted with a loss of more than \$2,000. He was last seen Wednesday as he dashed back into the warehouse from which he had fled a moment before. Fireman believed Mellich died in the flames. His wife, who achieved fame as one of the youngest American girls to be given a leading role in the Metropolitan, was prevailed on to let apartment on Riverside drive.

## GREENWALDT, BETZOLD MAY BE FREED IN 1944

Wausau — (P) — If Alvin Greenwaldt and Arthur Richard Betzold, sentenced to life imprisonment for the murder of Mrs. Emma Greenwaldt, obey every rule of Wausau prison, they may walk out free men Nov. 16, 1944 — provided that the state board of control grants them paroles.

If the two men obtain the maximum good conduct allowance, they are eligible at the time, 16 years and 3 months after their sentences began, to ask for paroles. A governor's pardon is the only thing that can bring the release of the two men before that time, it was explained.

## CUDAHY STUDENTS RETURN TO SCHOOL Vote to Go Back to Classes and to Start Court Proceedings

Milwaukee — (P) — One week to the day that they walked out, 300 students returned to their studies in the Cudahy school building Thursday while the school board waits outside of Sup. E. C. Seifert, precipitated the strike, was facing injunctive proceedings started Wednesday.

At a mass-meeting Wednesday night, students decided to end the strike and seek the reinstatement of Superintendent Seifert through court action. The injunction restrains the school board from discharging or intimidating teachers or the superintendent, out of schools from incurring or creating lawsuits from wasting the public funds, and from employing anyone in the place of Superintendent Seifert.

Following the announcement that the injunction had been granted, C. E. Ames, chairman of the meeting, called for contributions to fight the case in court. The Grille football team of Cudahy took up a collection of \$150.01, while several of the school teachers made contributions.

Little fellows in overalls and sweaters, second and third grade students, handed in their pennies, one saying "The 'soop' is a swell fellow if there ever was one." High school students reached into their pockets to help swell the fund.

The permanent committee was then formed to fight the case. It consisted of C. E. Ames, chairman; Fred Verducci, Ralph Brownell, Robert Addis, Joe Jefferson, Father Herbert of St. Frederick's Catholic church, Vernon Estes, Mrs. Edith Partridge and Kieran Tobin.

Students roared, "Yes," to a plea by Dorothy Miller, 17-year old strike leader, that they go back to school. Her speech was the climax of an evening in which Ames, Father Forth and Superintendent Seifert asked the students to return to school and let the courts settle the battle.

## DEMOCRATIC CHIEFS TO MEET AT CAPITAL

Washington — (P) — Democratic leaders from all sections of the county will gather here during the week of Jan. 12 for a renewal of the series of Jackson day dinner once held by the party as a tribute to each presidential campaign.

With the Democratic national committee meeting in Washington at that time, the party decided that a representative attendance is in prospect, and a full discussion of party affairs is expected.

## MASKED MAN HOLDS UP WAUSAU HOTEL CLERK

Wausau — (P) — A masked man entered Hotel Wausau at 2 o'clock Thursday morning and forced Ben Thielke, night clerk, to give up the keys and \$200 in cash. No others were in the lobby at the time and the escaped thief left no clue for police.

## Mellon's Niece Is Wed In Pomp And Splendor

Pittsburg — (P) — In a setting believed to excel in splendor any nuptial celebration ever held in America and perhaps rivaling the wedding of kings and queens of old, Miss Sarah Cordelia Mellon became the bride of Alan Dixon Scattle. A magnificent decorated pavilion which cost \$100,000 housed more than 1,000 guests at the bride's reception and wedding supper and ball following the wedding.

Miss Mellon, a daughter of Mr. and Mrs. Richard B. Mellon and niece of Secretary of the Treasury Andrew W. Mellon, and Mrs. Scattle, of a wealthy Pittsburg family, were married Wednesday at the East Liberty Presbyterian church.

The huge pavilion where the post-nuptial celebration was held was erected on the estate of the bride's father. It was a veritable fairyland in its luxurious fittings and palace in its design.

A moon—an artificial moon—cast soft rays down upon gardens, tropical in their arrangement and located in high arched windows of a great hall and vestibule constructed in the center of the pavilion. In the vestibule the bride received the guests. The guests might look from the windows as upon a calm summer night, although in reality outside the pavilion itself, rain was blown about in gusts of wind.

The moonlight effect was provided by a great lens hung from the lofty ceiling of the pavilion and myriad electric bulbs were so arranged that clouds drift across the sky from time to time.

Within the vestibule, rich tapestries and rugs hung from the walls and carpeted the floor. A procession of guests entered from the vestibule upon the ball, the floor of which was 50 by 100 feet. The ceiling of the hall was a lofty dome supported by carved pillars of gold, each pillar bearing a great light. Enormous candles with bulbs simulating flames topped in terracing porches.

The wedding ceremony at the church contrasted in its simplicity with the splendor of the reception. The Rev. Dr. Stuart N. Hutchinson performed the ceremony.

Miss Mellon wore a gown of white satin fashioned in straight line effect with uneven hemline. The sleeves were long and close fitting. The bodice was unadorned with pearls. The bridal veil of tulle fell over a long train of satin which was edged with ermine. The veil also trimmed with rose point lace, fell from the crown of her head. The maid of honor and bridesmaids were dressed in as upon a calm summer night, although in reality outside the pavilion

## U. S. GUNBOAT SENT TO CHINA BATTLE ZONE

Americans Reported in Danger During Disturbance in Yuenkung

Shanghai, China — (P) — As a result of reported disorders at Yuenkung, the United States Gunboat Ashville, has been sent from Hongkong to Yuenkung by the commander of the south China patrol. The gunboat is to insure disturbance occurred Tuesday.

Consular dispatches from Canton included a dispatch from three Americans at Yuenkung who said the disturbance occurred Tuesday.

Parading workmen and students broke into the American Catholic mission premises. The Chinese military forces "saved the situation." They arrested several leaders. This resulted in excitement among the unions who demanded the release of the leaders. It was stated that further trouble is threatened.

Nine Americans, including two women are said to be in the district.

Severe fighting along the Tientsin-Pukow railway north of Nanking, is indicated in the arrival at Nanking of 1,100 serious casualty cases.

It appears that 60,000 nationalists under General Ho Ying-Ching attacked the forces of the northern commander, General Sun Chuan-fang on a wide front only to suffer the most severe losses, especially from machine gun fire.

One nationalist division was decimated. Another regiment was reduced to forty or fifty men.

LABOR IN ARMS

Hongkong, China — (P) — The labor party under Chang Fat-fai has attempted to seize Canton, reports from there to Chinese sources here say.

Trouble broke out when the attempt was made at 8 o'clock Wednesday night. Gunfire between the contending parties kept up all night and at 4 o'clock Thursday morning became very heavy. Desultory firing continued until 8 o'clock.

Martial law has been declared. The states to the foreign settlement have been closed.

According to the reports it has been definitely established that the labor elements, in making a bold bid for Canton, have seized and occupied the telegraph office. Members of the union distributed leaflets throughout the city bearing the slogan: "Down with Li-Chai-Sun." (The Canton generalissimo).

## BELOIT COLLEGE IS RECIPIENT OF \$25,000

Beloit — (P) — Beloit college officials Thursday announced the receipt of a \$25,000 gift from an unknown donor to be used to increase the endowment of the institution. The gift was given in the memory of the Rev. Jeremiah Porter, one of the founders of Beloit college. The Rev. Mr. Porter organized the first church in Chicago in 1834 and later went to Green Bay, where he organized a church during the civil war.

## STATE GAME GROUP TO HOLD MEETING NOV. 25

Madison — (P) — A meeting of the state conservation commission will be held in the state capital Nov. 25. It was announced Thursday. Matters to come before the commission include cooperation with the federal forest service in establishing an additional forest reserve in northern Wisconsin, and the Horicon Marsh controversy.

## Wausau Hotel Clerk Held Up by Masked Man

Wausau — (P) — A masked man entered Hotel Wausau at 2 o'clock Thursday morning and forced Ben Thielke, night clerk, to give up the keys and \$200 in cash. No others were in the lobby at the time and the escaped thief left no clue for police.

## BOY, 6, RUNS FORK INTO EYE WHEN HE STOOPTS TO TIE SHOE

Memphis — Charles Shafer, 6, son of Mr. and Mrs. Jack Shafer, 569 Kenmore-st., ran the fine of a fork into his right eye Tuesday while attempting to loosen a knot in his shoelace. He was conveyed to St. Elizabeth hospital where he submitted to an operation Thursday morning.

## PACIFISTS IN U. S. ATTACKED BY SCHNELLER

Legion Commander Scores Groups Promoting Disloyalty to Flag

Oshkosh — (P) — Flaying pacifist ideas and rapping propagandists who, he said, "are daily teaching hatred of America and disloyalty to the flag," Col. Frank J. Schneller, Neenah, commander of the Wisconsin department of the American legion, Thursday declared that national security alone can be secured by a reasonable preparedness.

Mr. Schneller, speaking before the annual convention of the Wisconsin League of Women voters, said that American legion members keenly desire peace but know that peace is not assured by disarmament and unpreparedness for eventualities.

"We must not forget that we have individuals and organizations in our own borders who are traitors to our flag and our institutions; that there are nations who are jealous and envious of our wealth and our power," Mr. Schneller declared.

Declaring that "polished masters of foreign propaganda are preaching disloyalty on our large city street corners, in parlor seances and on public platforms," Schneller said that the "vilification and disloyalty" must be stopped by education of children and immigrants, teaching them the value of the four cornerstones of American citizenship: democracy, freedom, liberty and tolerance, rather than by muzzling the press or preventing freedom of speech.

POINTS TO HISTORY

Going back into history, Colonel Schneller pointed to events in the war of 1812; the Civil war; the Spanish-American war and the world war as "dark blots" which came as the result of unpreparedness.

He referred to the American legion convention in Paris as of "powerful influence for peace and good will."

"If we can increase international respectability and understanding," he believed, "we are definitely removing the chief cause of an international conflict," Schneller declared.

Turning to student pacifist organizations, he said, "We recently were astounded by the resolutions which a group of students in Milwaukee seriously considered and passed unanimously, declaring that never would they take up arms in defense of country, flag, or even of home or mother. They were utter pacifists and that same day the same group of gentlemen passed a resolution favoring free love and trial marriage. It is up to every loyal American to see that such rabid youth movement be not permitted to corrupt the young minds in America."

## FIND TERROR PLOT IN BADGER COUNTY

Fires or Explosions Follow Raids in Kenosha-co. Marsh Reports

Madison — (P) — Evidence of a plot to terrorize Kenosha officials who vigorously combated the operations of liquor law violators have been uncovered, the state fire marshal's office announced Thursday. An investigation started sometime ago when four constables lost property through bomb threats and fires has caused the state marshal to seek the apprehension of the culprits.

Inquiries by investigators have revealed that buildings belonging to four teen constables have been destroyed by fire and that in each instance the fires followed raids by the constables on roadhouses or other places which were suspected of violating the liquor or gambling laws.

Evidence now on hand shows that following a raid upon a roadhouse by Constable Lauer, a dynamite bomb was placed in his home on night of Oct. 10 to be set off by burning candles. The bomb failed to ignite because, and blew out the candles.

On the same night, the chicken coop and new automobile valued at \$1,500 belonging to Officer Tabbert, were destroyed by fire, following a raid made by Tabbert in which he took shot machines as evidence that certain places were gambling houses.

Officers (Clason of Pleasant Prairie, made raids on places selling liquor. Shortly after, he purchased a farm and the night he was to close the deal, there had been a fire on the place, which destroyed a large barn on the place, valued at \$10,000.

## WILL ARGUE DAY MOTION NEXT MONDAY

Oil Official Would Have Amount Decreased from \$25,000 to \$10,000

Washington — (P) — Henry Mason Day, associate of Harry F. Sinclair and under conspiracy charges in connection with the oil jury tampering case, failed Thursday in an effort to have his \$25,000 bond reduced to \$10,000.

The reduction, sought by Day's counsel before Chief Justice Mc Coy of the District of Columbia Supreme court, opposed by Neil Burkinshaw, assistant district attorney conducting the jury tampering investigation. Justice Mc Coy set Monday for argument on the motion.

Bond of \$10,000 was fixed for Sheldon Clark, another Sinclair oil official, when he was placed under similar charges. After complaints had been made against Day and Sinclair.

The complaint against Day, who is vice-president of the Sinclair Exploration company, and against the others, charged violation of statutes forbidding attempts to improperly influence jurors.

REFUSED TO TESTIFY

He was placed under bond after he had refused to answer questions before the grand jury inquiring into the jury tampering charge, on the ground of possible self-incrimination.

Day and Clark are accused by the government with being the men to whom detectives of the William J. Burns agency reported after shadowing jurors in the Fall-Sinclair case which finally ended in a mistrial.

Day's counsel asked for reduction of his bond on the grounds that it was excessive. Burkinshaw opposed a reduction telling the court that his information was that Day had no permanent residence in this country and the district attorney's office believed a \$25,000 bond was necessary to insure presence of him in court.

Counsel for Edward J. Kidwell, the juror in the case, who was accused of talking of getting an automobile out of it, agreed with the district attorney's office Thursday to ask for postponement of the hearing on Kidwell's plea that contempt charges be entered against his accusers. The hearing had been scheduled for Friday.

Affidavits against Kidwell were filed by Don K. King, a Washington newspaperman, and J. Ray Akers, a street car conductor, and Kidwell in denying statements attributed to him, asked that the court investigate efforts of King and Akers to get him to discuss the case.

Kidwell's counsel said he would tell the court that the object of Kidwell's request had been merely accomplished and that if Justice Siddons consented he was willing that the matter should be held in abeyance pending the report of the committee ordered to determine whether contempt of court had been committed.

## SULTAN OF MOROCCO DIES AFTER LENGTHY ILLNESS

Rabat, Morocco — (P) — Moulay Youssef, whose reign as sultan of Morocco is looked upon as covering a period of most brilliant growth and progress, died Thursday after years of suffering from a chronic malady.

Youssef, whose name means "my master," was often called the father of his people. He was known as an earnest convert to the doctrine of modernization. The 41st presumptive heir of the throne, Moulay Youssef, died at Fez at one of the four palaces which are in Morocco. He had frequently been reported in ill health, but recently was said to have shown marked improvement.

Moulay Youssef ascended the throne during a troubled period. Youssef expressed the cause of the French, placing his faith in the French protectorate.

## ASHLAND-CO BOARD ASKS GOVERNOR FOR PROBE

Ashland — (P) — Governor Fred Zimmerman was asked Thursday by the Ashland board to make a legal inquiry into charges of crookedness and influence in the management of the Indian reservation at Ashland. After four years at Ashland, the board is in the hands of the 35 or 40 allotments to the Indians, the board issued a resolution asking the governor to include investigation of the situation in his call for a special session of the legislature.

## 35 MEN ATTEND 1ST CLASS FOR LEADERS IN BOY SCOUT WORK

Men Play Games and Learn Fundamentals of Scout Organization

Thirty-five persons from Appleton, Neenah-Menasha and the vicinity attended the first scout leaders training course class Wednesday evening at the high school. The course is being held to acquaint scout leaders with the best methods of conducting meetings, and to acquaint persons interested in scouting with the fundamentals and methods of applying the scout program.

The meeting came to order shortly after 7:30 at which time the men were entertained with a game of the get acquainted nature. M. G. Clark, valley scout executive, explained the plan of the course and officers of the valley council together with the patrol leaders were introduced. The opening ceremony was the installation of patrol leaders. Following this the four patrols were formally organized under Dr. L. J. Ladner, who will lead the St. Joseph church patrol, Appleton, Harold Brown, Troop 2, Appleton, Clyde Schneider of Troop 4, Appleton and John C. Lloyd, Menasha scout leader.

After the organization had been completed several more games were played and the meeting listened to "The Man Who Is 12 Years Old," one of Edgar Guest's poems which was read by the scout executive. The vocal abilities of the persons attending the meeting were then tried with a number of popular songs.

**PURPOSE OF SCOUTING**  
In speaking on "How Scouting," Mr. Clark said that it was not the intention of getting boys together to play games or preach all the time, but rather to find a means of character building during the leisure moments of the boys, to make a program so interesting that it would catch their imagination and hold them continually while their elders are impressing upon them the things that go to make a man of a boy.

After Mr. Clark's address the patrols went to separate rooms where they indulged in the "What's Your Name?" game and appointed their assistant patrol leaders and scribes. Further patrol business was the registration of members and selection of a patrol name, cry or yell. Plans for the patrol totens also were discussed. Two assigned problems came up for discussion at the meetings, one on "What would you conduct a meeting for organization, of a scout troop if some forty boys were thrust upon you unannounced?" and "What Is Scouting?" Several readings in the scout handbook also were assigned, and a troop camp in knot tying selected.

After the patrol meetings the groups returned to the gymnasium where inter patrol contests were held. Patrol cry and yell contests and a treasure

## LETTER GOLF

**BUT THIS ONE OUT**

- 2.—You can change only one letter at a time.
- 3.—You must have a complete word, of common usage, for each jump. Strange words and abbreviations don't count.
- 4.—The order of letters cannot be changed.

hunt were first attempted after which the troop camp-knot in knot tying was picked.

Announcements, a short talk by the scout executive and sounding of taps closed the meeting. Patrol leaders then met with the executive to make plans for the meeting Friday night at the high school.

## PROGRESSIVES BACK FROM STATE MEETING

Congressman George J. Schneider, Assemblyman Anton Miller and Samuel Signan returned Wednesday from a conference of Progressive leaders in Milwaukee.

The conference decided by the narrow margin of 35 to 33 votes that Congressman Joseph D. Beck, Viroqua, the most logical choice for Progressive candidate for governor next year; Henry A. Huber, Stoughton, for lieutenant governor; Theodore Damman, Milwaukee, for secretary of state; Solomon Levison, Madison, for treasurer; John W. Reynolds, Green Bay, for attorney-general. Robert M. La Follette, Jr., was approved for the office of United States senator.

Among Appleton people who will attend the Wisconsin-Chicago football game Saturday in Chicago, are Dr. and Mrs. J. L. Benton, Mr. and Mrs. John Engel, Jr., Mr. and Mrs. J. P. Frank, Mr. and Mrs. Seymour Gmelin and yell contests and a treasure

## VANDALS MUTILATE REFERENCE BOOKS IN CITY LIBRARY

Mutilation of library reference books was called to the attention of the members of the book committee of Appleton public library at a special meeting Thursday morning by Mrs. Florence Day, librarian.

If this destruction of books does not cease the committee may find it necessary to close the reference department except to persons obtaining special permission for the use of this type of book, it was said.

Among the books which have been badly mutilated recently are the Standard Century Dictionary, Encyclopedia Americana, bound volumes of The Nation and The Outlook, Grant's Atlas, and Historic Buildings Described by Great Writers. The latter book now is out of print. Marginal notes were made in ink throughout some 50 pages of the book. Pages, sections and entire articles are missing from some of the books.

## TRUSTEES MEET TO ORGANIZE COLLEGE

Labor College to Be Launched at Meeting of Board Appointed Last Week

Members of the board of trustees of Appleton labor college will meet Thursday evening in the office of Sigman and Sigman, attorneys, to consider plans for organization of the school. Among other things they will report on the instructor, the place the college will be held and the date of the first meeting. Members of the board are: Ralph Guyer, president, Samuel Sigman, secretary, Carl Ahl, treasurer and Fred Wiese and R. Dufner.

Appleton labor college was endorsed last week at a mass meeting of union laborers in Trades and Labor hall at which Henry Ohl, Jr., president of the Wisconsin State Federation of Labor was the speaker. Mr. Ohl explained what was to be expected of a labor college and the success the institution was having in other cities. The board of trustees was appointed the following Friday evening.

## WEEK OF PRAYER

Meditation for Thursday.

"Four not, only believe." A third sense of measurement is FAITH—so conceived, let us insist, that it includes not simply right belief implying intellectual assent to certain facts and theories, but such belief as involves spiritual daring, soul risk.

As Kierkegaard has it, "Faith is not belief in spite of evidence, but life in spite of consequence." It is this that largely measures our souls. We are as tall as our aspirations, as strong as our will to attain them regardless of results. Dreams, ideals, worthy ambitions—these reveal our spiritual stature provided they are fearlessly sought after despite defeat and disillusionment. So many of us are afraid to dream daringly; and we cover our cowardice, at times, by calling ourselves "practical." When we have scant faith in the unseen spiritual forces, launch no ship on unknown seas, make no discoveries, take no chances—we are small. The great in soul stature are adventurers, always—spiritual adventurers. They see the unseen, the realities. They are not blinded by the ubiquitous temporalities.

"Believe in God!" urges the Master. But "no man hath seen God at any time." Precisely. That's why we must believe—for we can't prove His existence. And that means more credulity, but spiritual adventuresomeness. "Religion," according to Stud-

## Food Grows Hair On Bald Heads

Chicago—Scientists have found that baldness is brought on by the lack of necessary food elements that the human hair requires. "Foods found in Mother Earth grow, nourish and retain our hair," says P. A. Thomas, Ph. D., well known hair specialist, 522 America-Fore Bldg., Chicago. He further states that the hair roots always stay alive and that in 35 out of 100 cases where hair is falling out or baldness has set in, a growth of new hair can be had in a short time by following his simple directions. He will gladly explain his method without cost to those interested in restoring or saving their hair. Write him, today, adv.

dent Kennedy, "is but betting your life there is a God." That's it—and only great souls exult the gambling instinct to that imperial level; the little ones play with pennies, or take chances on the Stock Exchange, and to keep fully with our intellects, but to venture on-out beyond their well-known limits; to believe in God, not in some mean, academic sense, but by risking our business and life and all on the kind of person Christ declared Him to be and on the kind of a moral world we believe He has made—that's Faith.

## NAB FOUR ON CHARGES OF BREAKING ROAD LAWS

Four alleged traffic law violators arrested Wednesday are to appear in municipal court before Judge Theodore Berg at 2 o'clock Thursday afternoon. They are: Art Lucke, Oshkosh, charged with operating a truck without license; W. R. Winch, Menasha, traveling 31 miles an hour on S. Cherry-st.; E. H. Zeh, route 3, Appleton, passing arterial sign at corner of Wisconsin-ave and Richmond-st.; Steve Gehrmann, 292 S. Outagamie-st., traveling 32 miles an hour on W. College-ave. The first three arrests were made by Officer Fred Arndt and the last by Officer Gus Hersekorn, city motorcycle police.

The annual death toll from automobile accidents is about 25,000.

## KAUKAUNA MAN FILES PLEA IN BANKRUPTCY

A petition in voluntary bankruptcy, has been filed with C. B. Dehnke, referee in bankruptcy, by Peter Siebers of Kaukauna. Mr. Siebers listed his liabilities at \$1,265 and his assets as \$210, all of which he claimed as exempt. The first meeting of creditors will be held at Mr. Dehnke's office on Friday, Nov. 25.

No trustee was elected at the first meeting of creditors of Shanon H. Ploger, Antigo, Tuesday afternoon at Mr. Dehnke's office as he had no assets. In filing his petition of bankruptcy Mr. Ploger listed his liabilities at \$72,000, with no assets.

A. J. Stroushan, Antigo, was elected trustee at the first meeting of creditors of Irwin Peller, also of Antigo, Wednesday afternoon at Mr. Dehnke's office. He was bonded for \$1,000.

# THREATEN WRIT TO STOP USING RAVINE AS DUMPING GROUND

F. F. Wettengel Condemns Move to Extend S. Superior-st to Lawrence-st

A sharp skirmish between Fred Felix Wettengel, former member of the park board, and Alderman Mike Steinhauer at the meeting of the common council Wednesday night resulted in a resolution instructing the city to endeavor to investigate the safety of the Lawrence-st bridge and draw a threat from Mr. Wettengel that unless dumping of rubbish on Superior-st was stopped at once he would seek an injunction to restrain it.

The argument followed a brief address given by Mr. Wettengel before the council in which he deplored a notice to the people that they might dump rubbish at the end of S. Superior-st. He said he thought this action had been taken without making a thorough investigation.

Mr. Wettengel told the aldermen that at one time the property owners had been ready to deed the land to the city providing it was to enlarge Jones park. He said when Jones park was donated to the city the donor had also given a piece of land leading to College-ave. This was to be used as an entrance to the park from the avenue, he said.

"To fill in the ravine would be to destroy one of the finest beauty spots which nature has seen fit to bestow on the city," Mr. Wettengel said. "I am thinking more of the future needs of the city than the immediate time and I think that the public at large doesn't approve this move."

Alderman Vogt said he was a member of the streets and bridges committee but the matter had never been before that body officially. Mr. Steinhauer, chairman of the committee, defended the dumping of rubbish in the ravine and he questioned some of Mr. Wettengel's statements.

Wettengel retorted by declaring he had been a member of the park board for a good many years and knew more about the city, probably, than any alderman now in the council.

"And furthermore," he added, "I didn't get a nickel for my work. It was done gratis with the interest of the city at heart. And I want to say here and now that first, last and always, I am acting for the good of the city as a whole and if dumping of this material in the ravine isn't stopped at once I will ask for an injunction which will cause it to be stopped."

The charge by Alderman Steinhauer that the bridge was unsafe drew a resolution from Alderman Richards.

The resolution asked for a thorough investigation of the bridge to be made by L. M. Schindler, city engineer. The engineer is to prepare a written report for the council.

"If the safety of school children and pedestrians is jeopardized because this bridge is unsafe than we should know at once so that we can take steps to remedy the trouble," Mr. Richards said. The bridge originally was built for the light traffic. Now the department refuses to use the bridge because it is considered unsafe and if there is immediate danger, we should know."

## SING OLD TIME SONGS IN PLAY

Old time songs will be sung before and after the play, "The Old Peabody Pew," to be presented under the auspices of the Ladies Aid society of Memorial Presbyterian church Friday night at the church. Solos will be sung by Mrs. Marie Boehm, Miss Clara Heller and Miss Annette Post and a quartet composed of the Misses Olga and Clara Heller and Paul Cary and Edward Boehm will sing a group of songs.

Mrs. Virgil B. Scott will read the prologue of the play.

## Proof Positive In 20 Seconds if you have "Acid Mouth" a Cause of Halitosis

A new RED liquid preparation, known as Semafor, now, for the first time, proves effective action to you visibly. Hold it in your mouth and gargle it for 20 seconds. If the mouth is acid the color of Semafor will change from red to white.

Repeat the rinsing until Semafor stays red. That is proof (chemically positive) that your mouth is neutral, sweet and clean.

If repeated rinsings do not come out red there is some deep-seated trouble on which a dentist or a doctor should advise.

Thus Semafor shows unclean or "acid mouth," decayed food between the teeth and other causes of unpleasant breath—and removes them.

Semafor is a development by Dr. Alfred Kropp, B.S., M.A., Ph.D. It is patented and can't be duplicated. It is one of the best ways to *whiten teeth*, for Semafor aids greatly in removing yellow film.

It helps also to make gums beautifully firm and pink by stimulating healthy circulation. Dentists everywhere are recommending it because it *shows the mouth's condition*.

It never fails. You can depend on it. That is its big feature. It takes the guessing out of personal hygiene.

## 405 RESERVATIONS FOR FARM DINNER

Interesting Program Will Be Given at Meeting of Farm and City Dwellers

Reservations for the fifth annual farm festival and goodfellowship dinner for farmers of Outagamie county Thursday evening at First Methodist church, reached 405 Thursday morning, according to a report from the chamber of commerce. The chamber rural affairs committee is sponsoring the affair which opens with a basket supper at 7 o'clock.

Following the supper, talks will be given by George P. Hambrecht, Madison state director of vocational education, and L. L. Sassman, Madison, supervisor of agricultural education, on Education and the Farmer. In addition to these addresses, there will be an interesting program of entertainment by one of Wisconsin's leading entertainers, secured by R. A. Amundson, county agricultural agent. Another feature of the affair will be the presentation of an engraved certificate to the man chosen as Outagamie-county superior and outstanding pioneer farmer. A committee composed of Hugh G. Corbett, secretary of the chamber of commerce, Mike Mack, Shiocton, chairman of the county board of supervisors, and Mayor A. C. Riehl, selected farmer after a study of county records and reports of county farmers.

## Makes Fat People Slim

New York Physician Perfects Simple and Easy Method of Reducing Weight

Dr. R. Newman, a licensed practicing physician, of 236 Fifth Avenue, New York, announces that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the Doctor's statement that he has successfully treated thousands of patients for fat reduction without unnecessary change of diet or burdensome exercise. He also says that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the Doctor has offered to send without charge to anyone who will write him, a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 236 Fifth Avenue, New York City, Dept. R. adv.

FOOTBALL PLAYERS  
GUESTS OF ROTARY

## Members of Grid Squad Introduced to Luncheon Club Members at Dinner Meeting

Menasha—Menasha Rotary club entertained the coaches, N. E. Calder and R. G. DuCharme, and their football squad at a dinner Wednesday evening at Hotel Menasha. Among the other guests were F. D. Lake and several members of the alumni, including W. H. Pierce, C. E. Pierce, Roy Metternich, Wesley Saecker, Roy Gear, Al Lenz, and H. E. Landgraf, all of whom were members of the team in former days. The tables were decorated with trophies won by the school. Sijas Spengler presided.

At the conclusion of the dinner Mr. Spengler called upon Coach Calder to introduce his squad which he did in a humorous vein. Each player was called upon individually and remained standing until all were on their feet. The alumni members and members of the team were called upon for brief talks and those given by older members of the alumni were of special interest as they dealt with the struggles encountered by the team in early days. Mr. Lake also was one of the speakers.

Each member of the squad was presented with a miniature football which he found at the place assigned him at the table. The dinner was characterized by good fellowship and marked the close of one of the most successful football seasons in the history of the school.

## Where Value Comes From

Consistent value is not the result of accident or whim. Boiled down, the measure of value which a store can give you depends on two things.

How efficiently and economically that store can buy, and how economically it is willing or can afford to sell.

Our volume, resources and seasoned experience enables us to get prices stripped of any unnecessary or reasonable cost when we buy your goods. Our small profit policy guards against any unreasonable cost creeping in after the goods are here.

# COUNCIL VOTES PAY INCREASE OF \$4,000 TO FIRE FIGHTERS

Every Member of Fire Department Will Get Larger Salary Beginning Jan. 1

Reporting from a "committee of the whole" session the common council at a regular meeting Wednesday night adopted a resolution granting Appletton firemen a salary increase which averages \$10 per month to be effective Jan. 1, 1928. The largest increase was granted to George P. McGillan, fire chief, whose salary was raised from \$195 to \$225 per month. It was brought out that the fire and water committee had discussed the increase for some time and had decided that the firemen deserved it. This committee reported that it believed the firemen were not being paid a fair wage.

A slight objection was raised by one or two aldermen because they thought the city was not financially able to grant an increase at this time. But it was argued that if appropriations can be made for golf grounds, city bands and music in schools there should be no objection to paying a fair wage to the men who are protecting the city.

**MAKE COMPARISONS**  
A chart was presented from Chief McGillan showing the scale of wages in other Wisconsin cities about the same size as Appletton. In only two cities, Wausau and Eau Claire, were the wages as low as in Appletton, while in Fond du Lac, Manitowish, Beloit, Kenosha, Racine, Oshkosh, Superior, and Green Bay the scale is considerably higher. It was pointed out that in both the cities where the scale of wages is as low as in Appletton, the departments engage many more men than the local department. The increase will mean an annual expenditure of approximately \$4,000 which is approximately an 8 per cent increase.

Following is the scale of wages which will become effective on Jan. 1: Chief, \$30 increase, to \$225; first and second assistant chiefs, \$10 increase to \$175; two captains, \$15 increase to \$145; mechanician and as-

stant, \$7.50 and \$15 increases to \$145; electrician, \$30 increase to \$160; privates, \$10 increase. The privates salary will be \$118 per month the first year, \$120 the second year, \$125 third year, \$130 fourth year, \$135 fifth year.

A suggestion by Alderman Mike Steinhauer that the mayor appoint a committee of three to investigate the possibility of securing the Y. M. C. A. tennis court at the corner of Appletton and Lawrence-sts as a public parking grounds. The mayor appointed Aldermen Steinhauer, William H. Vander Heyden and C. D. Thompson. Final water main assessments on Telulah-ave, Bennett, Gunn and Harrison-sts were made by the council. Two objections from property owners on Bennett and Harrison-sts were made on the grounds that the assessments were too high. The assessments were confirmed over the objections.

Alfred C. Bosser, city attorney, was instructed to secure special aid to assist him in making suggestions for revising the city zoning ordinance.

A contract for 2,500 yards of gravel was awarded to the S. J. Soffa company for \$1.50 per yard.

**NEED WINTER HELP**  
When the finance committee presented its report for adoption Alderman Vander Heyden objected to the city paying \$100 a month to a man to stay at the city camp grounds during the winter. He said that economy demanded that this expenditure be cut.

# Want More Homes For Boys' Meet

Housing of the 500 delegates to the twenty-fifth annual Wisconsin State Older Boys conference, here on Nov. 25, 26 and 27, continues to be the major problem of local committees working on the conference program, according to reports made at a progress report meeting of committee chairmen and advisers Wednesday evening at the Y. M. C. A. All the 15 committees of the conference turned in excellent reports of their progress to date, with the exception of the housing group.

Although 250 Appletton homes are needed for Friday, Saturday and Sunday to lodge the visitors less than 100 have been secured. The workers were urged to make a special effort in the next few days to secure more lodgings so that all of the delegates can be cared for during their visit here. Residents of Appletton were said to be

willing to help, but they do not know how bad the housing is needed.

It was decided to hold the third progress meeting of the chairmen and advisers at 5 o'clock Saturday afternoon to checkup the work since Wednesday evening and prepare for all weekend efforts.

Cooperation of the chamber of commerce has been secured to provide transportation for the boys who will be taken on a sight-seeing tour. Persons who will permit their cars to be used for an hour to carry the visitors were advised to get in touch with the chamber.

# The BENSON MURDER CASE

by S. S. VAN DINE © CHARLES SCRIBNER'S SONS

## THIS HAS HAPPENED

Suspicion falls on Miss St. Clair, but Vance demonstrates by measurements at the scene of the shooting that the murderer must have been approximately six feet tall. Pyle tells Markham that Leacock had once threatened to kill Alvin Benson. This is corroborated, reluctantly, by Major Benson. Markham sends for Leacock.

## NOW BEGIN THE STORY

CHAPTER XXVI  
"Take a seat, Captain," said Markham, with a formal bow. "I have asked you here, as you probably know, to put a few questions to you concerning Mr. Alvin Benson. There are several points regarding your relationship with him, which I want you to explain."

"Am I suspected of complicity in the crime?" Leacock spoke with a slight southern accent.  
"That remains to be seen," Markham told him coldly. "It is to determine that point that I wish to question you."

"The other sat rigidly in his chair and waited.  
Markham fixed him with a direct gaze.  
"You recently made a threat on Mr. Alvin Benson's life, I believe."

Leacock started, and his fingers tightened over his knee. But before he could answer, Markham continued: "I can tell you the occasion on which the threat was made—it was at a party given by Mr. Leander Pyle."

Leacock hesitated; then thrust forward his jaw.  
"Very well, sir; I admit I made the threat. Benson was a cad—he deserved shooting. That night he had become more obnoxious than usual. He'd been drinking too much—and so I—I reckon."

He gave a twisted smile, and looked nervously past the district attorney out of the window.  
"But I didn't shoot him, sir. I didn't even know he'd been shot until I read the paper the next day."

"He was shot with an army Colt—the kind you fellows carried in the war," said Markham, keeping his eyes on the man.  
"I know it," Leacock replied. "The papers said so."

"You have such a gun, haven't you, Captain?"  
Again the other hesitated.  
"No, sir." His voice was barely audible.

"What became of it?"  
The man glanced at Markham, and then quickly shifted his eyes.  
"I—I lost it. . . . in France."

Markham smiled faintly.  
"Then how do you account for the fact that Mr. Pyle saw the gun the night you made the threat?"  
"Saw the gun?" he looked blankly at the district attorney.

"Yes, saw it, and recognized it as an army gun," persisted Markham, in a level voice. "Also, Major Benson saw you make a motion as if to draw a gun."

Leacock drew a deep breath, and set his mouth doggedly.  
"I tell you, sir, I haven't a gun. . . . I lost it in France."

"Perhaps you didn't lose it, Captain. Perhaps you lent it to someone."

"I didn't, sir!" the words burst from his lips.  
"Think a minute, Captain. . . . Didn't you lend it to someone?"  
"No—I did not!"

"You paid a visit—yesterday—to Riverside Drive. . . . Perhaps you took it there with you."

Vance had been listening closely.  
"Oh—deuced clever!" he now murmured in his ear.

Captain Leacock moved uneasily. His face, even with his deep coat of tan, seemed to pale, and he sought to avoid the implacable gaze of his questioner by concentrating his attention upon some object on the table.

When he spoke his voice, heretofore truculent, was colored by anxiety.  
"I didn't have it with me. . . . And I didn't lend it to anyone."

Markham sat leaning forward over the desk, his chin on his hand, like a minatory graven image.  
"It may be you lent it to someone prior to that morning."

"Prior to?" Leacock looked up quickly and paused, as if analyzing the other's remark.

Markham took advantage of his perplexity.  
"Have you lent your gun to anyone since you returned from France?"  
"No. I've never lent it," he began, but suddenly halted and flushed. Then he added hastily, "How could I lend it? I just told you, sir."

"Never mind that!"  
"So you had a gun, did you, Captain?"  
"Have you still got it?"

Markham relaxed, and leaned back in his chair.  
"You were aware, of course, that Benson had been annoying Miss St. Clair with his attentions?"

At the mention of the girl's name the captain's body became rigid; his face turned a dull red, and he glared menacingly at the district attorney.  
At the end of a second of agonized hesitation, he spoke through clenched teeth.

"Suppose we leave Miss St. Clair out of this," he looked as though he might spring at Markham.  
"Unfortunately, we can't," Mark-

ham's words were sympathetic but firm. "Too many facts connect her with the case. Her hand-bag, for instance, was found in Benson's living-room the morning after the murder."

"That's a lie, sir!"  
Markham ignored the insult.  
"Miss St. Clair herself admits the circumstance."

"He held up his hand, as the other was about to answer. 'Don't misinterpret my mentioning the fact, I am not accusing Miss St. Clair of having anything to do with the affair. I'm merely endeavoring to get some light on your own connection with it.'"

# QUANTITY REBATES FOR GAS PURCHASES ARE CALLED UNFAIR

## Agreement Between Oil Companies Ordered Voided by Marketing Department

Madison—(AP)—The agreement among Wisconsin oil companies that quantity rebates of gasoline by figured solely on deliveries within one city is no longer in effect, according to the state department of markets, at whose recommendations the original agreement was accepted in April 1926.

The department believes that the inter-city rebates, paid on large monthly purchases made up of many small deliveries are unfair. By this practice large companies take many of the larger buyers out of the local competitive markets, with the result that the local jobber is often unable to hold a share of this business even though he may offer price concessions below Standard's "normal" level, the department says.

The department finds, however, that the restriction on such contracts has resulted in a discrimination against country buyers. The attempt to eliminate one unfair practice resulted in another form of unfairness. A number of small rural buyers can not group together to get a quantity rebate, under this limitation, but small city buyers can and do obtain rebates by grouping their gasoline purchases.

At a hearing held by the department on August 26, a compromise was proposed whereby rural contracts might be written throughout a local competitive territory. The oil companies believed that this would be impracticable, and the independent jobbers' representative recommended that rather than attempt a compromise on this point, the entire rebate plan should be done away with.

Prohibition of gasoline rebates has been urged upon the department both by buying groups and by many oil jobbers, on the ground that they are unjustifiable favors given to large buyers at the expense of the small individual buyers whose business makes up the bulk of the oil trade. "It is conceded," the department says, "very generally by oil companies, including Standard Oil, that the amount of rebate paid to large buyers is not determined by the cost of service to those buyers, and in fact that the cost of service has nothing to do with it."

The department believes that rebates can, and should be done away with through the competitive measures of independent jobbers. "Independent jobbers usually say that they must follow the lead of Standard Oil Company in matters of this kind, but we do not believe that they can be compelled to grant rebates which they say are detrimental to their business and unfair to the majority to their customers," according to the marketing officials. "Until some action has

# WARN AGAINST MAIL INSURANCE BUSINESS

## State Names Six Companies Unauthorized to Sell Insurance in Wisconsin

Madison—(AP)—Six insurance companies which are not authorized or licensed to write policies in Wisconsin are soliciting business by mail from people in this state, according to a statement made by the state department of insurance.

The companies named by the insurance department as making solicitation without proper authority are: The Union Mutual Casualty Company of Des Moines, Iowa; the Federal Reserve Life Insurance Company of Kansas City, Kansas; Continental Life Insurance Company of St. Louis, Missouri; National Protective Insurance Association of Kansas City, Missouri; Union Mutual Life Insurance Company of Des Moines, Iowa, and the National Mutual Life Association of Fort Worth, Texas.

In most instances, says the insurance department, these companies have been denied a license either because they do not qualify or because they decline to comply with the Wisconsin laws.

"One of these companies," the state department says, "has adopted the method of sending policies to Wisconsin people, asking them to complete an application, and forward the premium as called for in the policy."

"While there is no desire on the part of the insurance department to interfere with the right of private contract," the department explains, "between citizens of the state and the companies of other states, it is the decision of our supreme court that a policy holder in an authorized company could not secure action through the courts of the state against such unauthorized insurer in case of a claim."

The state department points out that there are more than 100 "respectable" insurance companies doing business in this state that are complying with the laws, and in view of the decision of the courts, it is our recommendation that the people of this state negotiate only with companies as are authorized to do business here, and which contribute their just share of taxes to the support of the state government."

# Eagles Told of Growth of Their Order

More than a half million men have become members of Fraternal Order of Eagles since 1920. James J. Tevlin of New York, a member of the organization department of the lodge, told members of the local aerie Wednesday night in Eagle hall. About 80 members of the aerie were present.

The Fraternal Order of Eagles has 600,000 members and owns real estate valued at more than \$25,000,000, according to Mr. Tevlin. More than \$30,000,000 has been paid in sick benefits since 1928 and more than \$10,000,000 has been paid for medical services, the speaker said. Mr. Tevlin also discussed death benefits, old age pensions, mothers' pensions and the work of the ladies auxiliaries.

After the address, a musical program was given. Mr. Tevlin played several piano selections and a quartet consisting of Edward Tarnow, Orville Tarnow, Pete Jacobs and Charles Nargren played several selections. Nargren played several selections. Nargren played several selections. Nargren played several selections.

Officers and the drum corps of the local aerie have been invited to imitate a class of candidates Friday evening, Nov. 25, for the Chilton aerie. The officers and members of the drum corps will meet for rehearsal at 7:30 Monday night.

The committee in charge of the Armistice dancing party to be held Thursday night, Nov. 17, gave a report. ## Acid Scalp

How many carefully coiffured heads can stand the test of eyes only inches away, and reveal not a speck of dandruff? How many women can warm to the danger, and know their hair will have no fault for the partner who holds them close?

No one can be sure who has acid scalp.

If you even suspect this acid condition of the scalp, it is time for Dandene. This scientific preparation will neutralize any acidity, and dissolve all dandruff if there is any. And at always cures the hair itself a lovely softness and sheen. It will wash better, hold a wave longer, and be better all the time if you just occasionally apply a few drops of Dandene. Try it! Every drug store has this perfect conditioner of the scalp and hair, and a thirty-five cent bottle lasts for weeks.

# Balanced Program Urged For Girl Scout Troops

A Girl Scout troop program should be well-balanced in order to give something that will appeal to every girl, Miss Alice Kirk, regional director of the Girl Scouts in District Seven, said at the third class of the Girl Scout leadership training course Wednesday evening at Alexander gymnasium, sponsored by Lawrence college and Appleton Womens club.

Pure fun and fun that is instructional, incorporating some part of the program, should constitute the kind of recreation provided for the members of the troop, according to Miss Kirk. A program consisting of one-third recreation, one-third discussion and one third instruction was suggested by the director.

The discussion program was to be carried out for the most part in patrols, the small units of the entire troop and in Court of Honor, consisting of the group heads or patrol leaders who meet for business discussion at the end of the troop meeting. General discussions for the whole group were also suggested.

Instruction and work make up the third part of the program of a troop in the opinion of Miss Kirk. This period should be used in acquiring scout technique, working for the various badges, classes and distinctions. The origin, history and work of the National Girl Scouts is given consideration at this time. The laws of the organization are explained and discussed.

PLAN LESSONS

Lesson planning by the Girl Scout leader for her troop is as significant as lesson planning by the teacher for her class is the opinion of Miss Kirk. The closing and opening ceremonies of a troop meeting should be changed frequently, it is suggested by the National camp for Girl Scout leaders.

The class will not meet the rest of the week but will meet next Monday and Tuesday evening at Alexander gymnasium. An overnight hike to Happy Hut, Appleton Woman club cottage, is planned to end the course.

## LODGE NEWS

The regular monthly business meeting of the Ladies Auxiliary of Eagles was held Wednesday afternoon in Eagle hall. Plans for the Christmas party to be held for members the Wednesday before Christmas were discussed. Twelve tables of cards were in play after the meeting. Prizes were won by Mrs. J. Deltz at schafkopf and by Mrs. A. Deltz at dice.

The Auxiliary of Spanish American War Veterans will entertain at a box social at 8 o'clock Friday night at the armory. Members of C. O. Baer camp will be guests. Officers of the lodge are in charge of the social.

A committee was appointed at the meeting of Deborah Rebekah lodge Wednesday night in Odd Fellow hall to work with a committee from K. O. lodge of Odd Fellows on a series of card parties to be given this winter. The committee consists of Mrs. Carrie McCarter, Mrs. Ada Blake and Mrs. Alice Ralph. Mrs. West of Stevens Point was a guest at the meeting.

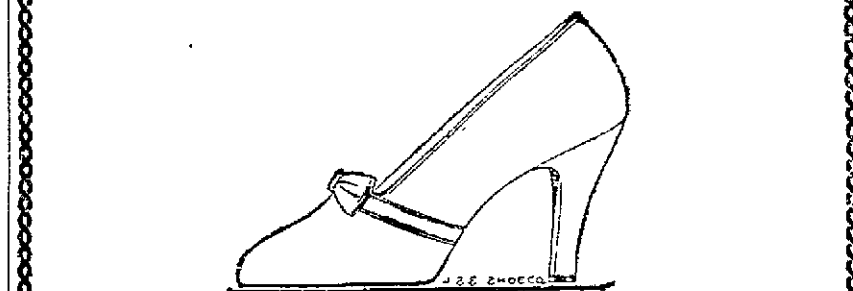

Knights of Malta degree will be conferred at the meeting of Appleton Commandery, No. 29 of Knights Templar at 7:30 Friday evening at Masonic temple. Regular business will be discussed.

SIXTEEN STUDY OLD MUSIC AT CLUB MEETING

Sixteen members of the Wednesday Musicals attended the meeting Wednesday afternoon at the home of Mrs. Fred Bendt, 1136 W. Fourth-st. Mrs. E. A. Morse, chairman of the program gave a paper on music of the fifteenth and sixteenth centuries and Motets and Madrigals.

A piano selection, "Capriccio in F Major by Scarlatti" was played by Mrs. Mark Catlin. Mrs. S. J. Klochin played two piano selections, "The Carman's Whistle" (William Byrd) and "The Queen's Command" (Orlando Gibbons). Mrs. Marie Boehm sang a song by Lully and Mrs. Lacey Horton sang "Dumblum Day" by Weatherly.

# 150 Attend Meeting Of Apostolate

More than 150 delegates from the diocese attended the first general conference of the Green Bay diocese Apostolate Wednesday at Allouez Community house at Green Bay, according to Mrs. Otto Wolter, president of the Ladies Auxiliary of Catholic Order of Foresters, the Apostolate society of Appleton.

Thirteen women, representing the four Catholic churches in Appleton, attended the meeting. They were Mrs. Wolter, president and Mrs. Gustave Keller, Sr., vice president, Mrs.

James O'Leary, Mrs. Wenzel Jassman, Miss Dina Geenen, Mrs. Joseph Jones, Mrs. C. A. Hipp, Miss Minnie Geenen, Mrs. Michael Zimmerman, Mrs. William Keller, Mrs. Thomas Headden and Mrs. John Knaught.

"Religion of the heart and religion of the mind will avail you nothing if it is not augmented with religion of deed, of action, and of life," the Rev. Paul P. Rhode, Bishop of Green Bay diocese said in the opening address. The conference opened with a high mass at which the Rev. Joseph A. Marx, pastor of St. Francis Xavier Cathedral, gave the sermon.

Charity problems and work were among topics discussed at the round table conferences held during the day. Mrs. Otto Wolter of Appleton, presided at the dinner meeting Wednesday evening at the Community club.

The Rev. W. H. Kiernan, director of charities in the diocese, announced that the next meeting probably will be a 2-day session. No definite plans were made for the meeting.

Delegates were present at the conference from Kaukauna, Appleton, Marinette, Manitowish, Tisch Mills, Waltham, Oshkosh, Stark, Two Rivers, Eaton, Seymour, Kellnersville, Sawyer, Little Chute, Institute, Luxemburg, New Franklin, Mackville, Antigo, Duck Creek, Francis Creek, De Pere, Coleman and Green Bay.

CHURCH SOCIETIES

Mrs. Hugh Corbett, 514 N. Appleton-st., will entertain Circle No. 8 of the Congregational church at 2:30 Friday afternoon. Mrs. Max Elias and Mrs. Wilbur Hauert will be assistant hostesses. The circle will sew for the

bazaar. Mrs. Charles Macsch is captain of the group.

Sixteen members of the Zion Lutheran Mission society attended the regular business meeting Wednesday afternoon in the assembly room of Zion school. Mrs. Lillian Schultz gave a reading, "What Life Means to the Kaiser."

Miss Florence Heckert, N. Oneida-st., will entertain members of the Epworth league of the German Methodist church at 8 o'clock Friday evening at her home. A general discussion will be held on Faith.

Plans for the Christmas bazaar will be discussed at the meeting of the October group of the Social union of First Methodist church at 2:30 Friday afternoon at the home of Mrs. William Van Stratum, 520 N. Ida-st. Mrs. Verne Ames is leader of the group.

OUTLINES PROGRESS  
OF WOMEN'S LEAGUE

President of Badger Society  
Points to Achievements of  
Women Voters

Oshkosh—(P)—The League of Women voters was described Thursday by its state president, Mrs. C. J. Otjen, of Milwaukee, as the instrument through which voters may exercise their influence in governmental affairs.

Mrs. Otjen spoke at the opening session of the three day convention of the organization Thursday. The convention has drawn to this city scores of women from throughout Wisconsin to discuss the work of their organization and attempt to develop a greater intelligence among the electorate.

Eight achievements of the Wisconsin league during the last year were outlined by Mrs. Otjen, who urged the employment of a field secretary. The league has, she said:

- Encouraged women to go into the political parties.
- Directed attention to the dangers of non-voting and initiated and enlisted the support of numerous agencies in "Get-out-the-votes" campaigns.
- Supported state and federal legislation, especially measures having to do with child welfare and education, with emphasis on the equalization bill.
- Fostered citizenship schools, seven being held during the year.
- Initiated legislation, having presented the bill providing for permanent registration of voters and having carried it successfully through the legislature.
- Presented reliable information about affairs of state and nation through

FEWER FRENCH BABIES  
BUT LOWER DEATH-RATE

Paris—(AP)—Births are fewer and marriages less frequent but France is still on the right side of the population record because there is much lower death rate and divorces are not so popular, as last year.

Figures for the second quarter of the year give the country an increase of 32,400 people, almost double the same period last year.

In all France, there were only 4,582 divorces in three months.

# MOTORISTS URGED TO BE CAREFUL, HONEST IN SEEKING PERMITS

Every Question on Application  
for Drivers' License Must  
Be Answered

A check up of auto drivers' licenses received in Madison during the last few weeks indicates that the new law is not very well understood by motorists. Numerous errors have been made in filling out the applications, and many persons have been evasive in their answers. Arthur C. Hartman, Madison, director of motor vehicle division, has issued a statement calling attention to the more common errors which are as follows:

1. Do not fill out the top part of the application. Notice the instructions at the top. The license number referred to in the upper right hand corner is not the automobile license. That should be given in the lower corner.
2. The application must be filled out in ink or typewriter.
3. That every question must be answered. Age must be given. Cannot accept applications reading over 16 or over 21.
4. The mileage must be given in miles and not years.
4. To receive a free license your name must appear on the certificate of title of the car. There seems to be much confusion regarding joint ownership. In case of husband and wife, if both the name Mr. and Mrs. appears on the title then two free licenses will be issued. But if only one name appears, only one free license can be issued, and that to the registered owner. Again, a man may be the owner of a car which he has just recently purchased, but if the transfer has not been completed it will not be registered in his name in our records and for this reason a fee will be required.
6. Corporations cannot use their cars for securing a free driver's license as they are not registered in the individual's name, and the same applies to partnership.
7. By registered owners we mean people who have a car registered in the current year and not those who have cars registered in years past.
8. Signature must be in your own handwriting, not printed or typed. But if it cannot be easily read, print it after the signature.
9. When an application on which the fee has been paid is returned for correction a notation is stamped on its face which indicates this. Should a new blank be filled out by the applicant it is very necessary to return the old one as evidence that the fee has been received.
10. Do not send applications for driver's license with your application for automobile license, as they are separate departments and receive their mail separately. Address your application for driver's licenses to Theodore Dammann, secretary of state, operator's license bureau and your automobile license application to Theodore Dammann, secretary of state, automobile license division. Applications for driver's licenses may be obtained at the local police department. Appleton car owners, generally, have been responding to the request of the secretary of state

# THOUSANDS WITNESS TEMPLE DEDICATION

A crowd estimated at 20,000 people witnessed the ceremony of dedication of the Arizona Temple at Mesa, Ariz., by President Heber J. Grant of the Church of Jesus Christ of Latter-day Saints. Following the exercises the magnificent structure was closed to the public and will be used only for religious rituals. The picture shows part of the crowd.

though the local police department has been handicapped by lack of applications. Drivers must have their licenses by Jan. 1.

# QUITE A NUMBER OF MEN WANT TO BE POLICEMEN

Several applications have been received by E. A. Schmalz, secretary of the fire and police commission, from Appleton men who are seeking appointments in the police department to succeed Bliss Carnes, resigned. No examination of the candidates will be held until several more applications are received, Mr. Schmalz said. Applicants must be more than 25 and under 40 years of age, must be at least five feet nine inches tall and must weigh at least 135 pounds. Applicants must have lived in Appleton for at least three years prior to making application.

# GIRLS OUTNUMBERED IN TRUANCY CLASS

161 Boys and 139 Girls Absent from Schools of City During October

Three hundred cases of non-attendance at the public schools were investigated by J. G. Pfeil, city truant officer, during the month of October, according to his last report. Of this number 161 were boys and 139 girls.

Only 11 of the cases were caused by truancy while 35 were determined as parental negligence. The remaining 254 were due to other causes, such as sickness or pupils dropping out. The total number of calls made at the homes was 151. Calls to various schools totaled 19. Parents were notified in 11 different cases of violation of law. Three cases appeared in court. Every year a number of children of

# BRITISH SOCIETY HONORS LAWRENCE COLLEGE MAN

M. M. Bohrer, associate professor of economics and business administration at Lawrence college, recently has received the honorary title of Fellow of the Royal Economics society.

Professor Bohrer received his Ph. D. from Harvard university, where he at school age do not enroll in the public school, and usually become employed. Mr. Pfeil has to investigate these cases and see that these boys and girls return to school. Sixteen pupils returned to school in the month of October as a result of these investigations. Nine were boys and seven were girls. In September eight such cases were returned to school, six being boys and two girls.

# SEYMOUR FAIR DISBURSEMENTS TOTAL ABOVE \$25,000

## ASSOCIATION HOLDS ELECTION AND PLANS WORK FOR NEXT YEAR

President and Secretary to Attend Annual Convention in Milwaukee

BY W. F. WINSEY  
Special Farm Writer

Seymour.—At the annual meeting of the Seymour Fair association, held the treasurer presented his report, of fees for the ensuing year were elected, the matter of erecting additional horse barns was considered and the president and secretary of the association were elected to attend the annual convention of the Wisconsin Fair association, to be held in Milwaukee at which meeting the local committee will secure special attractions for the 1928 fair.

The officers elected are: F. W. Huth, president; E. A. Sheppard, vice president; T. A. Nickelson, treasurer; and George F. Fiedler, secretary. W. A. Sheppard, Charles S. Smith, Fred L. Ziesemer, George Lisenrich and William Deck were elected as a board of trustees.

The statement of receipts and disbursements and liabilities presented by the treasurer is as follows:

Total receipts for the year, \$25,273.25, from gate receipts \$3,759.45; appropriations, \$2,500; bank loan, \$5,100; state aid for premiums, \$4,337.73; grand stand receipts, \$2,672.56; from concessions, space and privileges, \$1,079.31; stall and pen fees, \$466.03; advertisements in fair book, \$85; balance on hand from 1926, \$73.17.

### DISBURSEMENT REPORT

The report shows the following disbursements: Premiums paid to exhibitors, \$1,137.72; special acts and features, \$3,940.44; for purses, speed department, \$2,005.50; for plant and equipment improvement, \$1,885.33; insurance, \$161.50; interest, \$39.72; secretary's salary, \$600; printing and supplies, \$845.29; general expense, \$564.02; advertising and publicity, \$882.55; maintenance of buildings and grounds, \$542.35; ribbons and banners, \$685.10; for judges and superintendents, \$412; police, gate and other help, \$80.15; reserved for interest due, March 1, 1928, \$579; balance on hand, \$71.14.

The statement of liabilities includes: Bonded debt, \$14,500; notes payable, \$862.27; total, \$15,362.27.

## LARGE CITIES APPRECIATE MILK DELIVERY SERVICE

Milwaukee.—(P)—Residents of large cities generally are more appreciative of service given them by milk-producing organizations than are the small-town residents. In the opinion of C. E. Hough, Hartford, Conn., general manager of the Connecticut Milk Producers' association.

Mr. Hough, speaking before members of the National Cooperative Milk Producers' Federation Wednesday morning, said that large cities have better ordinances governing the distribution of dairy products and better service is given by dealers.

Advertising is the best way to create a demand for quality dairy products, said Arthur J. Cleveland, vice president of the Ohio Farmers Cooperative Milk association, said.

Check stubs offer the best proof of the value of cooperative dairy organizations, P. L. Betts Chicago, president and general manager of the Chicago Equity Union exchange, averred. Old stubs showing the prices paid for dairy products by private concerns, he said, are of little value compared with the prices paid after cooperative were started show conclusively, he said, that there has been a material money gain for farmers.

## HARVEST IN ENGLAND POOREST IN 25 YEARS

Abingdon, England.—(P)—England is reaping one of the worst harvests since the beginning of the present century. It is shown by reports of farmers' associations in this agricultural center.

The yield per acre of wheat in England and Wales is forecast at nearly 17 hundredweight per acre, or one quarter hundredweight below the last ten years' average. Barley and oats are slightly above the average yield, but the condition of the grain, farmers say, leaves much to be desired, and much of it will have to remain in the stack a considerable time before it is marketable.

Good feed for such a long time as it is made good in the stack, farmers say, but the poor condition of the grain leaves much to be desired, and much of it will have to remain in the stack a considerable time before it is marketable.

The harvest of the year has been considerably damaged by a storm in the middle of the month, which did much damage to the crops of wheat, barley and oats. The damage was particularly bad in the south of England, where the crops were already ripe.

## Truck Gardening Helps Beginner In Farming

Royalton.—With the big increase in demand for truck garden products, farmers and home gardeners are turning to truck gardening as a profitable way to increase their income. The variety of crops that can be grown in a small space is almost unlimited, and the crops can be sold at a profit in the city market.

Truck gardening is a profitable side line on many farms. Crops of cucumbers, beans or cabbage, often cover from five to twenty acres. The variety of crops that can be grown in a small space is almost unlimited, and the crops can be sold at a profit in the city market.

## SILVER FOXES TAKE FIRST PLANE JOURNEY

Milwaukee.—(P)—For possibly the first time, two members of the fox family had a ride in an aerial taxi Wednesday.

Two sleek silver foxes were brought from Escanaba, Mich., to Milwaukee by Pilot C. C. (Cash) Chamberlin. The foxes will be exhibited at the National Fox Breeder's convention, opening here Thursday. Through some mistake they were not sent here as ordered by Black Diamond Fur Farms, Inc., of Racine and Pilot Chamberlin was engaged to bring them here.

## Here And There Among The Farmers--

BY W. F. WINSEY  
Special Farm Writer

Miss Ella Raether of the state health department, and Miss Alta Wall of the Wisconsin Anti-Tuberculosis association, arrived in Appleton from Madison Monday morning. Miss Raether, assisted by Miss Klone, county nurse, is to do some tuberculosis investigation with the baby clinic conducted early in the fall to find what was done with a number of cases needing expert attention. Miss Wall does her work at the teachers' training school at Kaukauna.

William Menning, route 1, Saturday shipped a carload of Holstein cows purchased in this territory, to Phillip Tirrell, Phillipsburg, N. J. Henry Schaefer accompanied the car to its destination.

Malcolm McCoy, Spencer-rd., is building a new double garage, 16 by 24 feet, on his farm.

Frank Puth, Spencer-rd., has put a new cement basement wall, topped with cement blocks, under his residence and has lately completed the leveling of his yard. He built an addition to his house to be used as a wood room and will soon begin the surfacing of his entire residence with new siding. Mr. Puth has 15 acres yet to plow and six acres of corn to husk and shred. He has stored 30 tons of an excellent quality of cabbage in the basement of his home. While Mr. Puth was away from home, Sunday afternoon, some animal, possibly a dog, killed six of his Plymouth Rock hens, and left each carcass mutilated through the chest, lacerated about the neck and head, and lying in a bed of its own feathers. Mr. Puth does not usually tote weapons but he carried a gun on the way to his cornfield and return Monday.

When E. O. Mueller, Spencer-rd., finishes plowing four acres, all his fall work will be done for this season. Most of his neighbors are, also, through with their fall work. At rest are plowing the corn and cabbage fields and a few are husking the last of the corn crop.

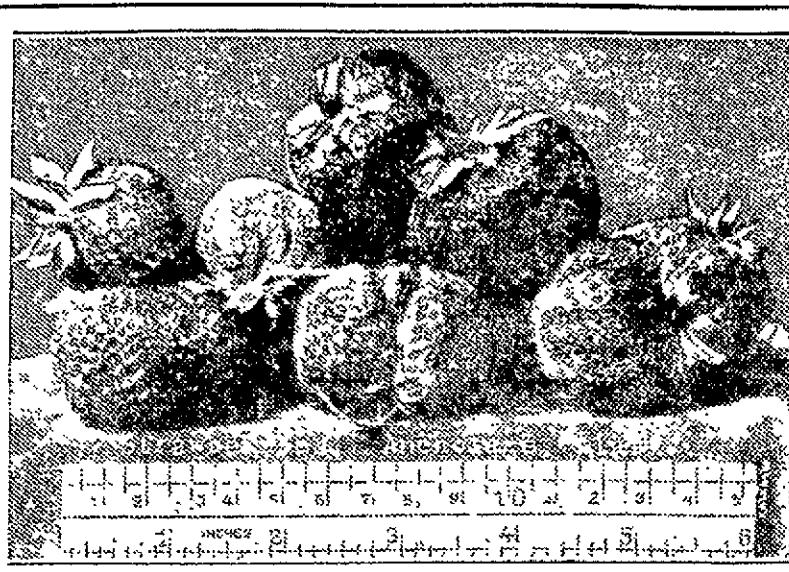

The 4-H club and pupils of the Wide Awake school, district No. 7, town of Greenville, will stage a literary and musical program, in the school building, on the evening of Nov. 23, and exhibits of club projects. The 4-H club will also conduct a candy sale.

The Hortonville high school has lately purchased \$250 worth of library books, considerable laboratory supplies and equipment, a number of maps that may be used for geographical and historical purposes and a ditto machine with which the school is getting out the Hortonville Herald, a new school publication.

Preliminary preparation for the consignment bull sale of the Outagamie County Holstein Breeders' association to be held in the barn of Dr. William Madison, Washington-st., Appleton, Thursday, Dec. 1, are just about completed. Thus far 21 animals have been listed. Emory Meitz will act as auctioneer and George Schaefer, as pedagogue.

Some of the animals listed are a bull, whose dam has a record 342.2 pounds of milk and 26.5 pounds of butter, and sire's dam, 327.5 pounds of milk and 37.7 pounds of butter, owned by Nick Palzer; a bull, sire's dam, 327 pounds of milk and 29.5 pounds of butter, grand-dam, 321 pounds of milk and 25.8 pounds of butter, owned by F. M. Scherbert; L. Wiese, Larson, consigned a 25 pound bull and two 23 pound bulls; O. Mosholder, a bull, sire's dam, 259 pounds of butter, dam, 255 pounds of butter, Charles Carpenter, one bull of which took first premium as a senior calf and the other first premium as a junior calf at the Seymour and Hortonville fairs, last fall. Of the total number of bulls listed are two owned by Charles Carpenter, one by Fred Moller, two by Otto Mosholder, three by L. A. Walter, two by Edward Zander, one by Walter Zander, one by William Plamann, three by Christ Schaefer, two by Nick Palzer, two by John Palzer and one by Ted Larson.

## ALASKAN BERRIES WIN FAME

ALASKA HAS FOUND THAT IT CAN GROW MAMMOTH STRAWBERRIES ABOVE ARE SOME SAMPLES FROM ANCHORAGE.

Anchorage, Alaska.—(P)—Strawberry culture has reached prodigious heights in Alaska. It is not uncommon to get a quart of fruit from one plant at one time, or to find berries so large that three of them, side by side measure six inches in length.

Every farm and backyard has its strawberry patch. Urban dwellers raise from a dozen to 200 plants in their gardens. The crop prospers wherever Alaska is inhabited. This year there was an overproduction, and great quantities went to waste because freight rates were too high for profitable marketing outside the territory.

Almost all of the popular types originated at the Sitka experimental station, where native varieties were crossed with cultivated species. The Alaskan strawberry is noted for its rich aroma and flavor. Hybrid plants retain those qualities and in addition grow rapidly and produce in abundance.

More than 2,500 crosses were made to perfect late and early maturity, quality, size and hardiness. Two hundred varieties still are grown, the bulk of which mature in July and early in August.

## KEEPS HENS LAYING FOR FIFTEEN MONTHS

Careful Rationing Keeps Poultry Flock from Moulting for Long Period

BY W. F. WINSEY  
Special Farm Writer

John Kasten, route 6, Appleton started a flock of 165 White Leghorn pullets laying on Aug. 14, 1926 and kept them continuously at work until Oct. 15, 1927, when the most of the flock began moulting. He is still getting 25 eggs daily from this flock and expects all the birds to take up laying in a very short time. He is carrying this flock through the moult to use it next spring for breeding purposes. Mr. Kasten shut up all his chickens last week and will keep them in the coop all winter. Out of 1,100 young birds raised this season, he sold 600 roosters and retained 500 pullets for his own use.

Beside gathering the eggs, Mr. Kasten makes the rounds of his coop five times daily as a regular program. At the break of day, he feeds his flock scratch feed in litter four inches deep and refills the hoppers at noon and the last thing in the evening. He always keeps a supply of dry mash in the hoppers and in the middle of the forenoon, he feeds wet mash. At this time, he feeds green stuff in the form of mangels or cabbage. He rarely changes his rations.

Mr. Kasten's mash formula is, 100 pounds of brain, 100 pounds of middlings, 100 pounds of corn, 100 pounds of oats, 10 pounds of meat scraps, some salt and bone meal, and oyster shells in a separate section. His scratch feed formula is 200 pounds of yellow corn, cracked, 100 pounds of wheat, 50 pounds of barley. He is also feeding sprouted oats and in a short time will be feeding a ration of semi-solid butter milk.

## HEAVY DEMAND FOR LIMESTONE ON FARMS

Winterkilling and large Seeding of Alfalfa Cause Rush on Plant

BY W. F. WINSEY  
Special Farm Writer

Black Creek—G. L. Maas, superintendent of the Outagamie Limestone company, said recently that farmers have never made a run on the plant of the company in 22 years. The reason of the present rush is the heavy winterkilling of alfalfa and the seeding of alfalfa seed in the fall. The plant has received orders for 10,000 tons of limestone, an amount not reached in any other year in the company's 22-year history.

Maas said that the company has received orders for 10,000 tons of limestone, an amount not reached in any other year in the company's 22-year history. The company has received orders for 10,000 tons of limestone, an amount not reached in any other year in the company's 22-year history.

## HIGHER PRICE SEEN FOR PUREBRED STOCK

Rise Inevitable in Opinion of Shorthorn Breeders Association Official

Chicago.—(P)—Increases in the price of purebred stock this fall and winter are inevitable, in the opinion of F. W. Harding, general executive of the American Shorthorn Breeders' association.

"Over a period of 25 years the price of breeding stock of good quality has been, on the average, three times the price of a steer," said Mr. Harding. "This should mean \$300 each for pure breeds, and they won't do that by quite a bit. In other words, they are too low, and it is to be expected that the spread will be gradually narrowed in the near future."

Harding has just returned from a trip abroad. He purchased 35 milking Shorthorns from 19 leading British herds. He found prices of steers in this country about the same as in England, but it costs the English farmer much more for feed.

He points out that feeding tests conducted at Iowa State College over a period of ten months, revealed the comparative costs in America, with low-priced feeds of handling a group of 900-pound two-year-old steers, another group of 635-pound yearlings and a third lot of 375-pound calves.

Given shelled corn, linseed meal, alfalfa hay and block salt, the two-year-olds made bigger gains but more expensive ones in the four months before they were sold. The feed cost per 100 pounds was almost as much in finishing the yearlings over seven months as in the case of the two-year-olds. The feed cost for the calves mounted steadily through their ten-month test, but never reached that of the other classes.

The feedstuffs used were selected as best suited for general feeding purposes both from cost and nutritive standards.

## ASK REDUCED RATES ON SHIPMENTS OF PRODUCE

Chicago.—(P)—Reduction of freight rates on poultry, butter and eggs was asked of the Interstate Commerce commission at a hearing here Wednesday before Chief Examiner Ulysses S. Dutler.

Harrison F. Jones, executive secretary to the National Poultry, Butter and Egg association, and W. M. O'Keefe, vice president of the Live Poultry and Dairy Shippers' association, filed the complaint.

Present rates from the Missouri river to Chicago are 75 cents a hundred and the complainants ask a rate of 67½ cents. From the Missouri river to New York the present rate is \$1.62, while \$1.32 is sought.

Some of the similar reductions are:

From Chicago to New York, \$1.62 to \$1.32; from Chicago to Philadelphia, \$1.62 to \$1.32; from Chicago to Boston, \$1.62 to \$1.32; from Chicago to New Orleans, \$1.62 to \$1.32.

## SCIENTISTS REPORT TWO NEW DISEASES ON POTATO PLANTS

Ailment Similar to "Witches' Broom" Discovered in Utah Regions

Washington.—Two new potato diseases have been reported to the U. S. Department of agriculture.

One has been discovered in Utah, and the other in England, still a stranger to this country.

The Utah potato ailment resembles the disease called "witches' broom" and comes out in the form of a poorly grown stalk in the shape of a witch's broom. Tiny tubers of a greenish hue appear above the ground and many of the plants affected early in the season are entirely devoid of potatoes. It is believed that some new kind of insect has something to do with the progress of this disease, although government scientists still are at a loss to explain it.

The British potato blight is called "leaf-roll" and is believed to be similar to the common "leaf roll" in America. The disease has caused a tremendous loss especially in Lancashire.

Plants affected by this disease grow quickly like weeds, the stalks taking almost all the vitality, while the potatoes themselves are stunted in growth.

## CHAMPION BUTTERFAT COW SELLS FOR \$5,000

Waukesha.—(P)—Maggie Calamity Hartog, world champion Holstein butterfat producer, brought the highest price in the national auction Tuesday when she commanded \$5,000 from the purchaser. The prize cow was consigned by a Canadian breeder and was purchased by the Detroit Creamery company.

An average of \$600 was established in the sale of the 70 cattle which went into the ring during the two day auction. A Canadian bull bought by the Jefferson County farm, brought \$1,600.

Among the heaviest buyers were the Detroit Creamery Co., F. W. Murphy, owner of the Minneapolis Tribune; John Carroll, Chicago, and the Arbu Farms of Michigan.

sought in the rates from all points in Missouri, Kansas, Nebraska, North Dakota, South Dakota, Iowa, Minnesota and Wisconsin to Chicago and eastern cities.

## CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts To Flush Kidneys If Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

## NO PEA CANNING PLANT OPERATED IN WAUPACA-CO

Royalton.—Each year the farmers of Waupaca and other counties in this state are entering more extensively into diversified farming. On a dairy farm all crops are retained on the farm for feeding stock, to this the cultivation of a few "cash crops" is becoming more popular.

At present cabbage, beets, beans, and cucumbers with the old standby potatoes have comprised the list. Although Wisconsin cans 69 percent of the total amount of peas raised in the United States, as yet Waupaca-co has no pea canning factory nor raises the crop in large quantities. The sil-

ago made from pea vines is said to be very good and nutritious.

The soil in Waupaca-co is well adapted to peas, and many farmers in the vicinity of Waupaca, Waupaca and Royalton have expressed a desire to raise this cash crop. If there were a factory that afforded them a market.

# Aviation Victor As Ten Ocean Flights Succeeded Where Nine Failed In Summer

The map shows an imposing total of ten trans-oceanic flights this season. But against them were nine failures, costing more than a score of lives. Among the season's heroes were Lindbergh (above), Byrd (left) and Chamberlin (below). Among the victims was Miss Mildred Doran (center inset), lost on a flight to Honolulu.

New York—(P)—The curtain has descended upon the trans-oceanic flying season of 1927, and aviation has turned to tabulation of the gains and losses of a historic summer.

Ten ocean flights have succeeded, nine have failed. Twenty-one persons have ridden the wings of the air to safety across the two great oceans; 20 have lost their lives in flight and five more in preparation for flight.

The Atlantic has been spanned five times from America to Europe, and once from Africa to South America. The Pacific has been crossed to Hawaii four times.

Five planes attempting Atlantic flights have gone down, three planes have perished on Pacific flights, and Paul Redfern, Georgia-to-Brazil flyer, vanished above the Caribbean.

In addition to human lives there has been a loss in airplanes, in flights of American origin, which aviation experts set at about half a million dollars.

The cost of using naval vessels and private ships in searching for lost flyers is reckoned at another half

million dollars. The total does not include losses to backers of ill-fated flights, or to the sponsors of trans-oceanic ventures which never progressed to a take-off.

In searching for the missing Dole prize flyers, the navy estimates it consumed \$125,000 in fuel; that the 8,000 men employed consumed \$40,000 in rations, and that naval equipment valued at \$50,000,000 was used. As many as 52 naval vessels were employed in the search at one time, as well as naval planes.

Summing up the American activities of the season, government air experts declare that the flights have given birth to a new era in aviation, and have laid a carefully-constructed foundation for the development of a national "air-mindedness."

"If progress in the past year or so in army aviation, as well as in other fields of air activity, is an index to what the future may hold, America will soon be ahead of the rest of the world in aviation," Assistant Secretary of War F. Trubee Davison, head of the army aviation department, said.

He gave the opinion that while long non-stop flights of extra hazardous nature should be discouraged unless auspices, nothing should be done "to interfere with the efforts of the military authorities to extend the usefulness of military planes."

A psychological rather than a mechanical change in aviation is seen by Assistant Secretary of Navy Edward P. Warner, head of naval activities. From a navy viewpoint the activities "proved the real usefulness of the application of aircraft." A reawakened interest in the flying boat is also forthcoming, he said, and the Navy will continue to purchase new

machines of this type as replacements for wartime craft.

Increased production of airplanes to meet a growing demand, and development of airports landing fields, and a network of airways as plentiful as the radio wave channels, is foreseen by Clarence M. Young, director of aeronautics of the department of commerce.

While believing that pioneering in any field is expensive in lives and material, Captain E. S. Land, assistant chief of the naval bureau of aeronautics, declares "stunt flying for stunt flying's sake" a "poor business." But he foresees a future in which aviation will be "a vitally important item, not only to American commerce, but also to American defense."

### Thiede Good Clothes

# Eats Sauerkraut Now, Feels Years Younger

"I couldn't find a thing to eat that would agree with my stomach. Even rice turned sour and caused stomach gas. An insurance man recommended Adlerika. I didn't have much hope of getting any relief for I had tried so many things. But the results I got from even the first bottle surprised me! Now I eat even sauerkraut and sausage without any bad effects. I sleep good and feel 10 years younger. I do my housework with ease again and find great pleasure in other work, too."—Mrs. M. L. Davis

## What Doctors Say

Dr. H. Louis Shoub, New York, states: "Adlerika, in addition to its intestinal cleansing action, tends to check the growth of intestinal bacteria."

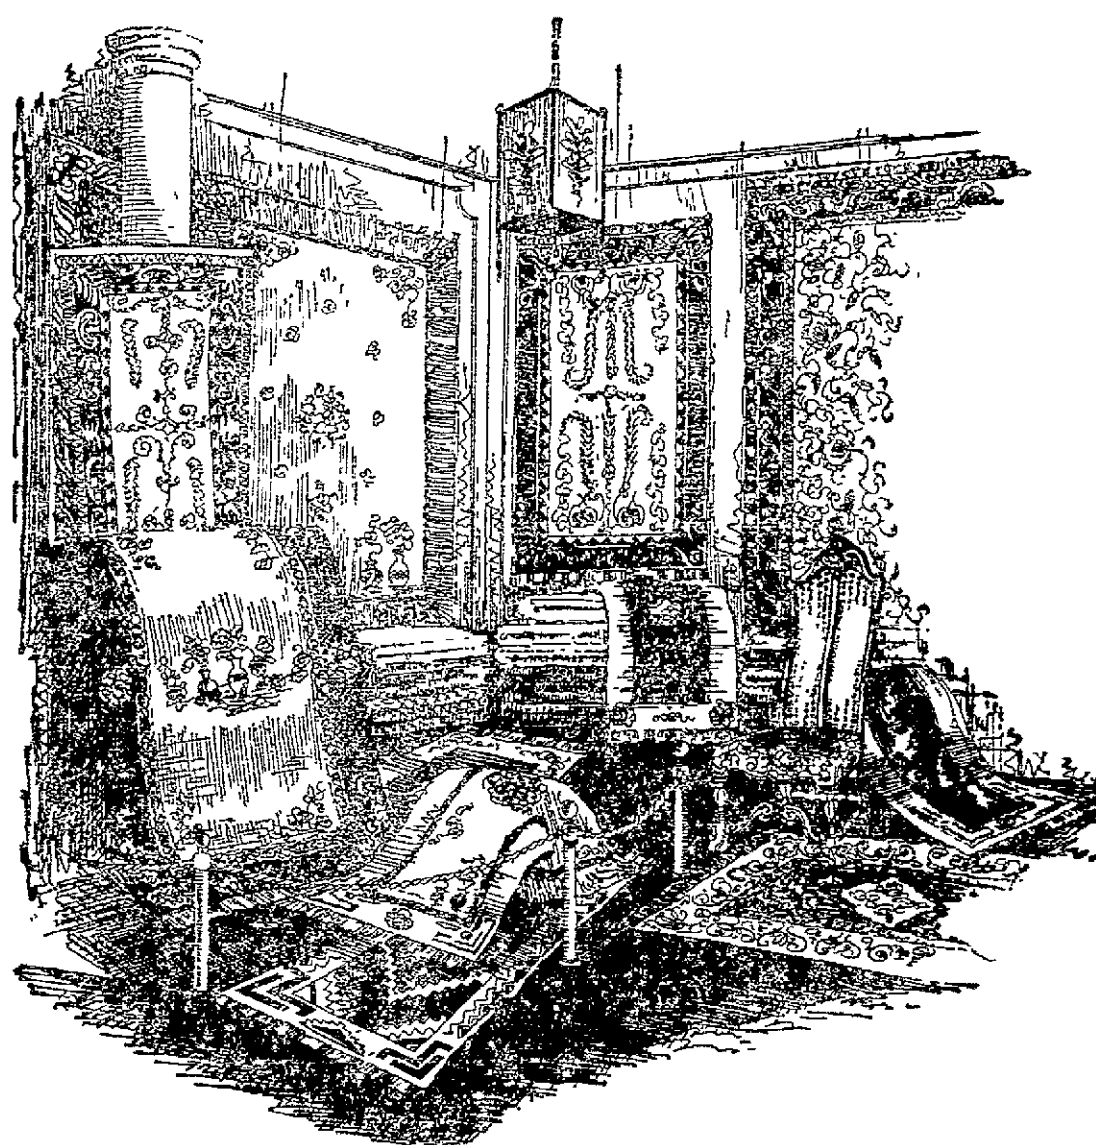

Dr. A. J. Lancaster, a physician of over a quarter century's experience, says: "In the treatment of gastric and intestinal disorders, Adlerika has no equal."

J. E. Puckett, writes: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system."

Dr. Carl Wescheke, graduate of Heidelberg University, Germany, first perfected Adlerika. It is a compound of the best saline intestinal cleanser known to science with glucose, boric acid, cascara and other gas-expelling and detergent elements.

Many physicians recognize Adlerika as the one dependable remedy for gas, intestinal stasis and chronic constipation. Unlike most medicines it acts on BOTH upper and lower bowel. Even if your bowels move every day Adlerika may bring out poisonous gas-forming matter which you would never believe was in your system. No matter what you have tried for the bowels and stomach, Adlerika will surprise you.

The CRUSADER

BEAR, PACKER GAME IS SUNDAY FEATURE

Ancient Foes, Tied for 2nd in Pro Loop, Clash in Chicago

Chicago—Every once in a while the schedule makers throw a "natural" hen drafting a football outline and one of these "naturals" crop out here and there when the Chicago Bears tangle with the Green Bay Packers at Wrigley field, which is probably better known as Cub's park.

The clubs are tied for second place and they are only a half game behind the league leading New York Giants. To date both the Bears and Packers have won six games, lost one and tied another in the league schedule.

The records of the two teams follow:

Green Bay	Opponents	Wins	Losses	Ties
Green Bay 31	Milwaukee	0	0	0
Green Bay 14	Dayton	0	0	0
Green Bay 12	Cleveland	0	0	0
Green Bay 6	Chicago	0	0	0
Green Bay 20	Duluth	0	0	0
Green Bay 13	Chicago Cards	0	0	0
Green Bay 17	New York Yanks	0	0	0
Green Bay 22	Milwaukee	0	0	0
Green Bay 6	Chicago Cards	0	0	0
Green Bay 6	Dayton	0	0	0
Green Bay 14	Opponents	27	0	0
Bears 28	La Grange	0	0	0
Bears 9	Chicago Cards	0	0	0

Bears 0	Providence	0	0	0
Bears 6	N. Y. Yankees	0	0	0
Bears 30	Pottsville	0	0	0
Bears 120	Opponents	62	0	0

The Wisconsin eleven has long ranked with the best professional teams in the country and this year's effort is said to be the best that has ever represented Green Bay.

GREAT FOOTBALL CITY

The Badger city is acknowledged by all as being the greatest professional football community of its size in the country. The "Bay" does nothing but talk and sleep football during the winter months.

The Packer team is coming to Chicago with plenty of support as about 10,000 fans are going to follow the Big Bay Blues, as the Badger state champions are often called, to the Windy City. And with the Packers' rosters will come the famous Amberjack band, a 30-piece organization, all dressed up in mackinaws, flannel shirts and hobnailed shoes. These "music makers" came to Chicago in 1921 and State street inhabitants talked about their stunts for many months.

In speaking of the game on Sunday, George Halas, former Illinois star, who is co-manager of the Bears said: "I think the winner of Sunday's game is liable to carry off the National league pennant as the leading N. Y. fans still have a flock of tough games ahead."

EXPECTS TO WIN

"Of course, I think we are going to win but it will be a battle as those Packers are never whipped easily. We nosed them out at the 'bay' early in the season but I will have to admit that we got the 'breaks' to romp off with a 7 to 6 victory. The Packers have been coming here for years and they always gave the crowd a run for their money. Green Bay's forward passing attack makes them dangerous at any stage of the game and what's more in Lovdell, the Packers have got a punter that is second to none on the pro gridiron.

"If you don't think Green Bay takes its football seriously, listen to this. The Bear management and Wrigley field officials today approved the application of the Green Bay club to string a telegraph wire into the park so that a play-by-play story of the game could be flashed on the grid-graph at home for the fans who aren't down here. If there was more of the 'Green Bay spirit' on tap in the National league it would be much better for all concerned."

## POULTRY RAFFLERS WON'T BE ARRESTED IN WINNEBAGO-CO

Farmers in Neighbor County  
Organize Association for  
Marketing Fowls

Organization of an association of farmers to be known as the Winnebago Poultry and Meat Producers' association has followed the raid of an alleged poultry raffle at the home of W. F. Rose, rural route 2, last week. The raid was made by Sheriff Plummer, Winnebago co.

The new association will pool its poultry and meats to sell through the secretary, Mrs. W. F. Rose, it was said.

No action to prosecute persons conducting the raffle has been taken by Winnebago co nor will any be taken according to District Attorney Keefe of that county. This decision was reached at a meeting of the district attorney, Municipal Judge Goss at Oshkosh and Harvey Wickert of the Wisconsin Retail Market Dealers' association.

In refusing to prosecute, the district attorney admitted that the law was being violated, but declared that it is an every day occurrence and that public opinion does not warrant prosecution. He admitted the meat dealers had a right to protect their business but because the practice was so prevalent and he believed a jury would not convict anyone being held on the raffle charge it would be useless to try the case. His statement follows:

"The holding of a raffle of any kind constitutes a violation of the law." "I have previously so stated to the public, but I am interested as district attorney in promoting the welfare of the community as a whole, not in promoting the private interests of some individual or organization."

**NO JEOPARDY**  
"If complaint is made of a lottery or raffle in which the public interests are jeopardized, I will be the first to sign the complaint. However, as district attorney, I do not feel that I am called upon to squander the county's money in useless and futile prosecutions. I should, at least, be the judge as to whether the facts in a case warrant prosecution. This was a case where a farmer, who raised his own fowls, invited a few of his friends to attend a raffle. He was continuing a practice which has been common in this community for years and years, without interference by the officers of the law."

"The practice is one, which though unlawful, has been indulged in by the general public and by the better class of our citizens. Churches, fraternal societies and lodges have conducted raffles and similar games of chance with no complaint and without being molested. Lotteries, state-wide in character, have been conducted by certain fraternal orders."

"I am not prosecuting this case, because I know it would be futile to go into court before a jury and attempt to obtain a conviction. Every prosecution must have behind it the sympathy of the public, who serve on the jury."

"I want it understood that any commercial raffle, one degrading to the public, and which could be successfully prosecuted, would not go unpunished. Yet, in a case like this, where the public interests are not jeopardized to an extent which would warrant the spending of public money for a trial, the matter should not be brought before a court."

"There must be some place to draw a line. I have drawn it on punch-board and slot machines, gambling devices universally condemned. In a spirit of fairness, I will not prosecute an isolated case of a farmer conducting a raffle and let the others, doing the same, go unmolested. If there has been any public demand for prosecution in this case, I have yet failed to have any such complaint made. The only complaint has been made by the Wisconsin Market Men's association, which felt its own interests jeopardized."

"The sheriff in this case, made the arrest because he felt the duties of his office required it, where a law violation had been claimed."

In the United States more people live in the city than in the country. According to the 1920 census the total population of towns over 2500 was 54,304,908; the rural population was 51,498,017.

According to the 1920 census, the bachelors in the United States numbered 12,957,565. And there were 12,550,129 spinsters.

**The Best Cough Syrup Is Home-made**  
Here's an easy way to save \$2, and yet have best cough medicine you ever used.

You're probably heard of this famous home-made cough syrup. But have you ever used it? Thousands of families feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2 1/2 ounces of Pinex, then add plain granulated sugar syrup to fill up the rest. Or, if desired, use clarified honey, instead of sugar syrup. It tastes good, never spoils and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, hits the phlegm, breaks the membranes, and gives almost immediate relief. Splendid for throat irritation, hoarseness, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of eucalypti, Norway pine extract and palatable material, which has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or your money refunded. The Pinex Co., St. Louis, Mo.

How To Play Bridge

By Milton C. Work

This week our tests are upon the question of how a Declarer should plan his campaign. Two hands are given should plan to play them in each day and the way the Declarer planned on the succeeding day.

In No. 5 the contract is No Trump, and the original lead is the Jack of Diamonds, won with the Queen in Closed Hand. How should Declarer plan his campaign?

No. 5. Declarer is sure to win one Spade, two Hearts, two Diamonds and three Clubs—eight tricks; he has a probability of three small Clubs, which would make a total of eleven. He has no reasonable chance to make a slam. The five adverse Clubs probably are divided 3-2 and if so, Declarer can make five-odd; but the division may be 4-1 and in that case should Declarer try to make six Clubs, he would only make three and would fail to go

BOYS URGED TO ATTEND STATE CONFERENCE HERE

Clement Steidl, president of the Hi-Y club, will speak to high school boys of three neighboring cities Friday urging them to attend the silver anniversary Wisconsin State Older Boy's Conference which will be held here on Nov. 25 and 27.

Steidl will speak at Kaukauna high school at 10 o'clock in the morning, and at Menasha high school at 3:35 in the afternoon. Arrangements also are being made for a talk at Kimberly high school at Neenah, during the day. Beside urging all boys of 15 years and older to attend the conference, Steidl will post literature advising the conference on the bulletin boards of the school.

Aloysius Gage, senior class president, spoke at the Wilson, Roosevelt and McKinley junior high schools Thursday morning and at the senior high school general assembly Thursday afternoon.

**BOYS HEAR REPORTS**

The entire meeting of the Hi-Y club Thursday evening at the Y. M. C. A. will be occupied by a review of reports of the silver anniversary Wisconsin State Older Boy's conference groups. After the reports club members will discuss where they can assist the conference workers.

JACK LOCKWILL'S FOREST RANGERS

Having spluttered forth those startling words, the crazy hermit whirled aside, fled into the woods, and was gone. "What did the old lunatic mean?" exclaimed Darling. "Mean!" cried Jack. "Look yonder! See that smoke! He's torched the forest! And Paul Varden's there somewhere, tied to a tree!" Then, thinking of nothing else, Jack ran across the clearing.

Lockwill's chums, surprised by his sudden action, were slow about following him. Darling was still staring stupidly when McNally dashed away, calling to Jack.

From the tripod on the flat roof of the lookout's cabin, atop Enchanted Mountain, the winking sun-mirror was flashing a fire alarm to the warden on Spencer Peak.

35 SHOP WORKERS  
LAID OFF FOR WEEK

Lack of Business on North-  
western Road Blamed for  
Five Day Idleness

Kaukauna—About one hundred and fifty-five employees at the local shops the Chicago and Northwestern road will be laid off for a period of five working days starting Nov. 23 and continuing until Dec. 1 according to a statement made by C. Clark, shop foreman, on Wednesday. The reason for the lay-off was given as lack of business. Business conditions are poor over the entire Chicago and Northwestern system and the present go and the lay-off order will effect an employed at the seven principal shops of the road located at Chicago, Jan. 1, Boone, Ia., Missouri Valley, Minn., Winona, Minn., Escanaba, Mich., and Kaukauna. The notices were posted in the shops on Wednesday. A force of about thirty men will continue working rough the lay-off period to make running repairs, the foreman said.

NEW RECREATIONAL  
PLANS AT KIMBERLY

Program Reorganized With  
Clubhouse as Center of Ac-  
tivities

Kimberly—Kimberly's social and recreational program has been reorganized since the departure of L. O. "Ossie" Cooke, recreational director of the Kimberly-Clark mill and the village for the past two years, who left for Madison to study law.

The program is arranged with the clubhouse as the center of activities. All activities are under the supervision of the Kimberly club superintendent, Joseph Sandhofer, and his assistant, Adolph Courchane, who are responsible to the Kimberly social and recreational committee. This committee is composed of H. G. Boon, chairman; C. C. Smith, secretary; the Rev. Skall and William Van Zeland, two non-employees residing in Kimberly; Harry Du Pont and John Limpert, two employees residing in Kimberly; R. A. Schmid, employee residing in Appleton; Jack Jansen, employee residing in Little Chute; and Miss Gertrude Albers, woman employee residing in Kimberly. This committee meets once a week and works out plans for activities and the best ways of procedure to most efficiently carry them on.

So far the committee has assembled and classified the various suggested lines of activities under the headings, social and athletic. Mr. Sandhofer will be directly in charge of the social program while the greater part of the athletic program will be in charge of his assistant, Mr. Courchane.

In the social program will be included the free noon day programs, dramatics, both amateur and professional, the reorganized boy scout movement, holiday parties and patriotic programs, ladies sewing, handcraft, and ukelele classes, department and community parties, four outstanding free parties to club members during the year, dancing, movies, and cards, married folk old time parties, general dances and card parties, regular weekly movies, and seasonal general dances and masquerades.

In the grand athletic program will be included the Kimberly Club Color league, the noon day athletic games, the girls basketball, swimming and bowling classes, the program for shift workers, boys recreation, Kimberly Boys' Saturday morning league, the grade schools and high school gymnasium work, and the club's volleyball and basketball first teams.

A great part of both programs has already been worked out or will start within a short time, and much interest has already been shown.

FORMER CHILTON PASTOR  
SUGGUMBS IN ENGLAND

Chilton—The Rev. Herbert Ignatius Beale, formerly pastor of St. Boniface Episcopal church in Chilton, died suddenly at the Southern Hospital, London, England, Oct. 26. He had submitted to an operation for gall stones a month previous to his death and appeared on the road to recovery when the end came. Notice of the death was sent to the Rev. Vernon and girls between the ages of 14 and 20. Instruction is being given in Eng-

lish, arithmetic agriculture, and home economics. The following named persons are attending this school: Alex-sius Gelling, Lucy Gelling, Walter Harsch, Gilbert Mertz, Hilda Muchlenbach, Gilbert Pethan, Asadore Ruhlband, Rejina Ruhlband, Jacob Mertz, Edna Schoen, Verna Schoen, Lane of Chilton by Geoffrey Warwick, Rector of South Rickenham church, Norfolk, England.

Mayor Edward Bonk manager of the Chilton canning company purchased 60 head of two year old cattle in Omaha recently. The cattle will be kept on the farm of the canning

company and fatted for spring marketing.

A part time school for farm boys and girls was opened Nov. 14 in connection with the agricultural department of the Chilton high school. This part time school will continue until Dec. 23 and is intended for farm boys Thekla Weninger, Walter Jacobs and Mary Muellenbach.

These part time schools are financed chiefly by federal aid extended through the department of vocational education of Wisconsin. Not more than ten such schools may be organized in Wisconsin the present year.

No school may be organized with a registration less than ten students. Herbert Harder a graduate of the Chilton high school in the class of 1927 was awarded second prize in a state essay contest sponsored by the regents of the University of Wisconsin to encourage better trained rural leadership. The prize is a scholarship of \$100.

**GOLDEN HILL SCHOOL**  
WINO AT REAR SPEE

**WINS AT BEAR CREEK**  
Large Crowds See Exhibits  
and Attend Programs  
Community Festival

**BY W. F. WINSEY**

Bear Creek—Three hundred people attended the afternoon session of the community festival here Wednesday afternoon and four hundred attended the evening session. The festival was held under the auspices of A. Mealing, county superintendent of schools and Robert Amundson, county agent. One of the principal features was nine booths set up on one side of the hall in which farm products and school work were exhibited. The center feature was a literary and musical program. In the afternoon Mr. Mealing talked on the Purposes and Values of Community Gatherings and Mr. John, an Appleton attorney, talked the conditions of agriculture and their measures.

In the evening, the judges announced that the Golden Idill school had won first place in the booth competition, gave the rankings of eight other schools, and each of the schools gave a part of the literary musical program.

The general chairman of the festival was James Lockwood. The committee on finance consisted of Charles Murray, Charles Raister and George Gaugh. The committee on arrangements, Milo Dempsey, William Maarsch and George Dasset. Committee on exhibits, Dr. V. J. Drager, Harry Rasmussen and Dr. J. C. Galt.

The names of the schools in competition in educational and farm products exhibits and the rank given to the schools by the judges are: Elden school, Isla Jenson, teacher, first place; Maple Corners school, Alma Crain, teacher, second place; Clover Blossom school, Clara Halloran, teacher, fourth place; Cedar view school, Ruth Gorge, teacher, fifth place; Green Lawn school, Marie Reimann, teacher, sixth place; Meadow Grove school, Bibiana Bessette, teacher, seventh place; Elder Roy school, Margaret Murray, teacher, eighth place; Riverdale school, Alma Ferg, teacher, ninth place.

R. Hill, Clintonville, acted as judge of the educational exhibits and J. O. Amundson judgment on farm products. The awards were \$7 for the best booth, \$5 for the next booth, \$3.00 for the third best booth and \$1 for the next 10 booths.

The evening literary and music program:

Song, "We're Glad to See You Here Tonight," Golden Hill School; Declamation, "The Night Wind," Victor Dunlop, Golden Hill school; Poem, "Dance Bear Creek," grades; Poem, "cordian Selection, Alvin Schink, Riverdale school; Song, "On a Dew Dewy Day," Edna and Esth Timmrick, Maple Corners School; Musical Comedy, "Old Time Occupations," P. ## PROSPEROUS MONTHS ARE PREDICTED FOR AUTOMOBILE TRADE

### Roy Chapin Declares That Demand for Vehicles Will Continue to Grow

Detroit, Mich.—(AP)—The present demand for automobiles indicates the opening of a new field in the industry with unusual prospect in view for automobile builders throughout the world, Roy D. Chapin, president of the National Automobile Chamber of Commerce, declared today.

He believes the industry has accomplished its major task—conquering the need of automobile transportation—and that with further improvement and available for the entire country, the demand for vehicles will continue to grow. He expects the volume of new cars sold in the market as increasing better business for all manufacturers.

ON NORMAL BASIS  
With the return of all countries to a normal basis on business and the continued demand from overseas markets, Chapin declared the industry looks forward to a prosperous condition during the ensuing months.

Chapin who grew up with the industry at 47 is chairman of the Edison Motor company and widely recognized as an expert on conditions in the automobile business. He started his career as a photographer, and the auto car in the early days of motor car manufacture has become associated with the industry. Chapin said the industry has been able to demonstrate the need of motor transportation and which at accomplished there is more business for all.

HEALTHY SIGN  
"There has been a tendency toward a depression in this country in recent months with respect to the effect of the sales of different companies upon each other. One large manufacturer has been out of production for most of the year. The return of this maker to the market will be regarded as a healthy sign by all in the business because the industry has learned that sound business activity on the part of all companies is mutually helpful."

NOTEWORTHY GAINS  
Gains have been particularly noteworthy in overseas business. There were 398,000 cars and trucks shipped abroad during the first eight months of 1927 as compared with 328,000 for the corresponding period of 1926. As the summer months draw to a close the overseas gains were even larger than these figures indicate. Our motor truck trade abroad in August was more than double that of a year ago.

Increased use of cars in this and other countries because of better year-round roads is regarded by him as factors indicative of an increase of business.

PLAN SNOW REMOVAL  
"Another strengthening factor in the present situation in America is the active snow removal programs which are being organized in all the northern states and in most of the municipalities. Winter used to mark a very heavy falloff in the motor trade. There is still a seasonal effect, but the production of low-priced cars and the clearing of streets and highways of snow has minimized this situation."

The situation further can be improved he said by a revival of the war time production.

Leaders in Congress have for a long time recognized that it was quite time to single out a particular problem for special legislation to promote the automobile industry and at the same time take advantage of the war time production. Congress has passed legislation which will help the industry in many ways.

## San Carlo Opera Company Now Has Beautiful Home

New York—A new light shines in the eyes of Antonio Gallo, the only man who ever made an opera pay in America.

Gallo who set to present a grand opera in tents, churches, and other places, and the life has his own two-million dollar theater in New York now. It is a monument along with the opera of Gallo's San Carlo opera company out in the cow and the corn and the copper countries to musical history's most remarkable success.

I am proud yes, said Gallo when he found opening of his theater was announced. I have waited 15 years. It has been a struggle. I am grateful to the very many people in America who have made my theater possible.

WILL NOT QUIT ROAD  
Gallo is not setting out to rival the Metropolitan Opera in New York. The opera singer will not quit the road—the long winter road that even seasons them coming to Hutchinson, Kansas and Beaumont, Texas and Asyville, No. C. and many other such towns to give jazz with the eloquent music of Verdi and Donizetti and Leoncavallo.

The new theater with the San Carlo company's headquarters but not its home. Its home will continue to be out in the hinterland where Lucien and Carmen and Raquelita pay infrequent visits—and for this are appreciated. It will be more. For the time being the San Carlo company's New York performances will be limited to a few weeks. If all winter seasons evolve for the Gallo theater, a second company will be formed.

FINES COMPARISON  
Broadway at 5th Street near the heart of the New York theater district is the spot where the will of Gallo's empire building rise. Part of the romantic story of the impresario's climb to wealth and fame is to be traced in the contrast between this fine new structure and the dingy old Fifth Theater just down the New York Avenue where the San Carlo company sing to Manhattan for the first time.

It was in 1912 that Antonio Gallo, penniless immigrant of the year 1895, first took command of his opera troupe. He had marched to the rank of impresario by way of jobs as a bank clerk, a collector and a secretary, a dance man and finally manager of sundry cross country bands.

The Powers welcomed Gallo and his singers with ease, pines, somehow, Meyer stage languages and to a degree, more vocal talent did not meet. From the "Andra the San Carlo company faced forth for 30 similar successful weeks of their ambitious makeshift opera out in regions where exotic dramas seldom had been heard in an form before.

ALWAYS PROFITABLE  
Not a single year, since then has found Gallo's financial fortunes on the wrong side of the ledger. Meantime every other opera organization in the

United States consistently has proved a losing venture.

Five hundred perhaps a thousand singers have found their way to the opera stage through Gallo. They have learned to sing, to play, to dance. Many of them have come on from the greater pretentiousness of the Metropolitan and Chicago companies.

At Gallo's offices any singer can have an audition. Of the number of young American vocalists he has given an operative chance in their native country, Gallo is almost as proud as he is of his theater.

He is proud too of a picture of President Coolidge autographed with the president's well wishes which hangs over his desk between similarly inscribed photos of Mussolini and Queen Marie.

Articles of incorporation for The Mill company were filed with A. G. Koch, register of deeds, Wednesday morning. The company is to do business in Outagamie county with headquarters in Appleton. It will deal in real estate and a storage and warehouse business is to be operated in connection. The company is listed as having a capital of \$10,000 which is divided into 100 shares worth \$100 each. Members of the organization are J. S. Bradford, Katherine K. Willy and Louis S. Galpin.

## COMMUNITY OVEN DOES BAKING FOR EIGHT FAMILIES

Marmette—(AP)—Light Italian families in the town of Stephenson, Marinette County, have maintained a community oven for twenty years, on which all meat and bread used by them is cooked. Fifty pounds of flour are used at one cooking and the bread is said to be well baked.

Leonard Porfelo on whose farm the oven is located entertained his neighbors this past summer with an Italian wedding feast and ceremony for his daughter. According to Italian custom the bride and the groom did not see each other until their wedding day.

The ancient custom of mothers carrying their babies on the top of their heads, instead of in the arms, prevails in the community, and these liners among these Italian families so far from their native land a taste for bright colored wearing apparel, jewelry, combs or other adornment for the body.

Mothers can rest easy after giving this harmless "fruity laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown ups printed on each bottle.

## MOTHER A Cross, Sick Child is Constipated! Look at Tongue

No matter what ails your child, a gentle thorough laxative should always be the first treatment given.

If your little one is out of sorts, half sick, isn't eating, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish stomach, your breath bad or has stomach ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Fig Syrup" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without grumping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruity laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown ups printed on each bottle.

Beware of counterfeit fig syrup. Ask your druggist for a bottle of "California Fig Syrup" then see that it is made by the "California Fig Syrup Company."
